#### BACKGROUND:

The Oregon Business Development Department (OBDD) is the state's economic development agency. OBDD finances infrastructure and community development projects, works to retain and expand businesses in Oregon, offers technical support to businesses, promotes exports and international trade, and supports the arts.

Senate Bill 414 A directs Multnomah County to create a pilot program to provide grants for local community cleanup projects and report to the legislature by September 15, 2022. The measure appropriates \$100,000 from the General Fund for biennium beginning July 1, 2021 to OBDD to distribute to Multnomah County for program expenses. To the extent feasible, grant recipients are to follow the principles of crime prevention through environmental design (CPTED), which is a set of strategies to reduce crime through urban planning and architecture.
