## **Summary of Revenue Changes**

HB 2928 regulates and limits the use of chemical incapacitants, kinetic impact projectiles, strobe lights, and sound devices by law enforcement for the purpose of crowd control. The Subcommittee recommended \$605,781 General Fund for the Department of State Police (OSP) for agency-wide training on the new crowd control guidelines and purchase of three public announcement systems.

## **Summary of Public Safety Subcommittee Action**

HB 2928 requires certain accommodations and instructions be made by law enforcement when deploying specified crowd-control devices. Further, the measure prohibits law enforcement from acting in concert with another agency or proxy law enforcement to engage in conduct barred by statute or court order and establishes that an intentional violation of this provision constitutes official misconduct in the second degree.

The bill appropriates \$605,781 General Fund to the Department of State Police for one permanent full-time Sergeant position (1.00 FTE), responsible for establishing and coordinating training on the new crowd control guidelines. The measure specifies, whenever possible, law enforcement must make announcements for the purpose of crowd control. The Subcommittee recommended \$150,000 on a one-time basis for the purchase of three public announcement systems. An additional \$65,000 was recommended on a one-time basis for a vehicle purchase.
