2 Relating to health care interpreters; creating new provisions; amending ORS 413.550, 413.552,  
3 413.556, 413.558, 414.572, 656.027 and 657.046; repealing ORS 657.048; and declaring an emer-  
4 gency.

5 Whereas current law contains a loophole for health care providers and interpretation service  
6 companies to justify working with untrained health care interpreters despite the availability of  
7 health care interpreters who are qualified or certified by the Oregon Health Authority; and

8 Whereas current law does not hold accountable health care providers and interpretation service  
9 companies for failing to work with qualified or certified interpreters or for failing to work with best  
10 practices in providing health care interpretation services; and

11 Whereas there is currently no complaint process for health care interpreters who experience  
12 wage or other labor violations; and

13 Whereas there is a growing demand for health care interpreters in rural communities in this  
14 state, especially for interpreters capable of interpreting languages of limited diffusion in those areas;  
15 and

16 Whereas health care interpreters suffer from the inequitable business practices of interpretation  
17 service companies; and

18 Whereas due to the low payment rates and the rising cost of training and testing, current and  
19 potential health care interpreters are reluctant to invest in training, testing, qualification or certi-  
20 fication because of the low return on their investment; and

**NOTE:** Matter in **boldfaced** type in an amended section is new; matter [*italic and bracketed*] is existing law to be omitted. New sections are in **boldfaced** type.

1 Whereas there is a lack of uniformity statewide in the quality of health care interpretation  
2 services; and

3 Whereas there is a lack of a uniform training curriculum statewide; now, therefore,
