24 ability to use the preparedness equipment to address deficiencies in local or regional emergency
25 preparedness.

26 (b) The office shall identify which requests from applicants, if fulfilled, will maximize the state's
27 ability to respond to an emergency, taking into account considerations that include but are not
28 limited to:

29 (A) The level of priority assigned to the requested preparedness equipment type pursuant to
30 subsection (2) of this section;

43 the purchase of the requested preparedness equipment.

4 pursuant to this section, the office and recipients shall use procurement methods that are impartial
5 and transparent to the greatest extent feasible and are designed to maximize value to the State of
6 Oregon.

8 office and the intended recipient first enter into a grant agreement. The grant agreement:

9 (A) Shall require the recipient to maintain the preparedness equipment.

10 (B) Shall provide that, if a recipient fails to adequately maintain preparedness equipment, the
11 recipient must relinquish possession of the preparedness equipment or reimburse the office for the
12 cost of the preparedness equipment.

13 (C) Shall specify that the office may conduct periodic inspections of the preparedness equipment
14 as described in paragraph (f) of this subsection.

15 (D) Shall specify that preparedness equipment distributed to the recipient remains the property

17 office may offer the preparedness equipment for sale to the recipient at its fair market value at the
18 time of sale.

19 (E) May permit the recipient to use the preparedness equipment for any purpose, governmental
20 or otherwise, that is permissible for assets financed with tax-exempt bonds, including nonemergency
21 purposes.

22 (F) Shall require private organizations to obtain approval from the office before making any use
23 of preparedness equipment that is outside the scope of the purpose of the private organization as
24 stated in the formation documents or bylaws of the organization.

25 (G) Shall require the recipient to take action or refrain from action as necessary to maintain
26 federal tax benefits related to any tax-exempt bonds that are used to fund the grant and to indemnify
27 the State of Oregon for any costs, expenses or liability due to loss of such federal tax benefits
28 caused by action or inaction of the recipient.

29 (f) The office shall conduct periodic inspections of preparedness equipment distributed or pur-
30 chased through the grant program to ensure that recipients are adequately maintaining the
31 preparedness equipment. If the office finds that any preparedness equipment is not adequately
32 maintained, the office may take possession of the preparedness equipment or require the recipient
33 to reimburse the office for the cost of the preparedness equipment.

34 (g) The office may transfer between recipients, dispose of or otherwise manage the preparedness
35 equipment as it determines is in the best interests of meeting the emergency preparedness needs of
36 the State of Oregon. If the office disposes of preparedness equipment for any reason, including sale
37 to a recipient as provided in paragraph (e)(D) of this subsection, the office shall deposit any moneys
38 it receives from the disposal in the Resiliency Grant Fund established under ORS 401.552.

39 (4) On or before December 31 of each year, the office shall submit a report to the Legislative
40 Assembly and to the Oregon Homeland Security Council that describes the administration and ef-
41 fectiveness of the grant program established under this section and the current prioritized list of
42 preparedness equipment types.
