37 the desirability of reasonable experimentation in the furtherance of the dental arts.

7 the board may determine and may at any time modify the conditions of the probation and may in-  
8 clude among them any reasonable condition for the purpose of protection of the public and for the  
9 purpose of the rehabilitation of the probationer or both. Upon expiration of the term of probation,  
10 further proceedings shall be abated by the board if the person holding the license furnishes the  
11 board with evidence that the person is competent to practice dentistry and has complied with the  
12 terms of probation. If the evidence fails to establish competence to the satisfaction of the board or

17 license shall be reinstated by the board if the board finds, based upon evidence furnished by the  
18 person, that the person is competent to practice dentistry and has not practiced dentistry in this  
19 state during the term of suspension. If the evidence fails to establish to the satisfaction of the board  
20 that the person is competent or if any evidence shows the person has practiced dentistry in this  
21 state during the term of suspension, the board may revoke the license after notice and hearing.

22 (8) Upon receipt of a complaint under this chapter or ORS 680.010 to 680.205, the board shall  
23 conduct an investigation as described under ORS 676.165.

24 (9) Information that the board obtains as part of an investigation into licensee or applicant  
25 conduct or as part of a contested case proceeding, consent order or stipulated agreement involving

27 676.165 to 676.180, the board may disclose confidential information regarding a licensee or an ap-  
28 plicant to persons who may evaluate or treat the licensee or applicant for drug abuse, alcohol abuse

30 (10) The board may impose against any person who violates the provisions of this chapter or  
31 ORS 680.010 to 680.205 or rules of the board a civil penalty of up to \$5,000 for each violation. Any  
32 civil penalty imposed under this section shall be imposed in the manner provided in ORS 183.745.

33 (11) Notwithstanding the expiration, suspension, revocation or surrender of the license, or the

42 the board's jurisdiction continues until the matter is concluded by a final order of the board fol-  
43 lowing any appeal.

44 (13) Withdrawing the application for license does not close any investigation, action or pro-  
45 ceeding against an applicant.
