38 declaration of dedication by reference or included in the instrument of conveyance of the plot.

39 (2) Scattering of [*cremated*] **reduced** remains in a scattering garden is not a sale or conveyance.

40 **SECTION 12.** ORS 97.660 is amended to read:

41 97.660. A nonprofit corporation organized and existing solely for the purposes of either owning  
42 and operating a cemetery or [*cremating dead bodies*] **reducing the bodies of deceased persons** and  
43 burying and caring for [*incinerate*] **reduced** remains, may purchase or take, by gift or devise, and  
44 own and hold lands for the sole purpose of either a cemetery, [*or*] a crematory **or an alternative**  
45 **disposition facility** and burial place for [*incinerate*] **reduced** remains. Such lands shall be exempt

1 from execution, and from any appropriation for public purposes, and lots or portions of such land  
 2 and space in any buildings thereon may be sold, if intended to be used exclusively for burial pur-  
 3 poses, and in no wise with a view to the profit of the members of such corporation. The land so  
 4 held for cemetery purposes shall not exceed 600 acres, but if the land already held for such purpose  
 5 by the corporation is all practically used, the amount thereof may be increased by adding thereto  
 6 not more than 20 acres at any one time. The land so held for the purposes of a crematory **or al-**  
 7 **ternative disposition facility** and the burial of *[incinerate]* **reduced** remains shall not exceed 30  
 8 acres, but if the land already held for such purposes by the corporation is all practically used, the  
 9 amount thereof may be increased by adding thereto not more than 10 acres at any one time. Lands  
 10 held for the purposes described in this section shall be exempt from taxation as provided in ORS  
 11 307.150.

12 **SECTION 13.** ORS 97.665 is amended to read:

13 97.665. (1) A nonprofit corporation organized or existing solely for the purposes of either owning  
 14 and operating a cemetery or *[cremating dead bodies]* **reducing the bodies of deceased persons** and  
 15 burying and caring for *[incinerate]* **reduced** remains may, by its bylaws, provide that a stated per-  
 16 centage of the money received from the sale of lots and burial space, *[cremation]* **reduction** of  
 17 bodies, donations, gifts or other sources of revenue shall constitute an irreducible fund. Any bylaw  
 18 enacted for the creation of the irreducible fund cannot be amended to reduce the fund.

19 (2) The board of directors may direct the investment of the money in the irreducible fund, but  
 20 all investments of money deposited in the fund on or after January 1, 1972, shall be in securities in  
 21 classes and amounts approved by the State Treasurer and published in a list pursuant to ORS 97.820.  
 22 If a bank or trust company qualified to engage in the trust business is directed by the board of di-  
 23 rectors to invest the money in the irreducible fund, the bank or trust company shall be governed  
 24 by ORS 130.750 to 130.775 and shall not be required to invest the money according to the list ap-  
 25 proved by the State Treasurer. An officer of the corporation shall file with the Director of the De-

 27 in duplicate containing the same information pertaining to the irreducible fund as provided in ORS  
 28 97.810 (4) regarding endowment care funds. The director may require the corporation to file, as often  
 29 as the director considers it to be necessary, a detailed report of the conditions and assets of the  
 30 irreducible fund.

31 (3) The interest or income arising from the irreducible fund provided for in this section or by  
 32 any bylaws, or so much thereof as is necessary, shall be devoted exclusively to the preservation and  
 33 embellishment of the grounds, buildings and property of the corporation and the lots and space in  
 34 buildings or grounds sold to the members of the corporation, or to the payment of the interest or  
 35 principal of the debts authorized by subsection (5) of this section for the purchase of land, erecting  
 36 buildings, and improvements. Any surplus thereof not needed or used for such purposes shall be in-  
 37 vested as provided in this section and shall become part of the irreducible fund.

38 (4) After paying for the land and the erection of the original buildings and improvements  
 39 thereon, all the future receipts and income of the corporation subject to the provisions in this sec-  
 40 tion relating to the creation of an irreducible fund, whether from the sale of lots and burial space,  
 41 *[cremation]* **reduction** of bodies, donations, gifts and other sources, shall be applied exclusively to  
 42 laying out, preserving, protecting, embellishing and beautifying the cemetery, *[or]* the crematory **or**  
 43 **the alternative disposition facility** and grounds thereof, and the avenues leading thereto, and to  
 44 the erection of such buildings and improvements as may be necessary or convenient for cemetery  
 45 or *[crematory]* **reduction** purposes, and to pay the necessary expenses of the corporation.

1 (5) No debts shall be contracted by such corporation in anticipation of any future receipts, ex-  
 2 cept for originally purchasing the lands authorized to be purchased by it, laying out and  
 3 embellishing the grounds and avenues, erecting buildings and vaults on such land, and improving  
 4 them for the purposes of the corporation. The corporation may issue bonds or notes for debts so  
 5 contracted and may secure them by way of mortgage upon any of its lands, buildings, property and  
 6 improvements excepting lots or space conveyed to the members.

7 **SECTION 14.** ORS 97.670 is amended to read:

8 97.670. If in the board of directors' opinion, any portion of the lands of a nonprofit corporation  
 9 organized and existing solely for the purposes of either owning or operating a cemetery or the  
 10 [*cremation of dead bodies*] **reduction of bodies of deceased persons** and the burial and care of  
 11 [*incinerate*] **reduced** remains is unsuitable for burial purposes or other purposes of the corporation,  
 12 the board of directors may sell such portion and apply the proceeds to the general purposes of such  
 13 corporation in the same proportion and manner as provided by ORS 97.660 to 97.680.

14 **SECTION 15.** ORS 97.675 is amended to read:

15 97.675. Burial lots or space for burial of [*incinerate*] **reduced** remains in buildings or grounds  
 16 sold by a nonprofit corporation organized and existing solely for the purposes of either owning and  
 17 operating a cemetery or [*cremating dead bodies*] **reducing the bodies of deceased persons** and  
 18 burying and caring for [*incinerate*] **reduced** remains shall be for the sole purpose of interment or  
 19 deposit and safekeeping of [*incinerate*] **reduced** remains. Such lots or space shall be exempt from  
 20 execution, attachment or other lien or process, if used as intended by the purchaser thereof from  
 21 such corporation, or the assigns or representatives of the purchaser, exclusively for burial purposes,  
 22 and in no wise with a view to profit. Such lots or space shall be exempt from taxation as provided  
 23 in ORS 307.150. The vendor of any gravestone, however, shall not be prevented from having and  
 24 enforcing a lien thereon for all or part of its purchase price. If a suit is brought to enforce such a  
 25 lien, the judgment therein is enforceable thereafter; and, for the purpose of enabling the lien to be  
 26 had and enforced, the gravestone shall be deemed personal property and may be severed and re-  
 27 moved, under execution and order of sale, from the lot where it is situated and may be sold in the  
 28 same manner as any other personal property.

29 **SECTION 16.** ORS 97.680 is amended to read:

30 97.680. (1) As used in this section, "plan" means a document indicating the placement of lots or  
 31 burial spaces, and of the niches or inurnment spaces in the buildings erected thereon, as established  
 32 and authorized by the cemetery authority.

33 (2) A nonprofit corporation organized and existing solely for the purposes of owning and oper-  
 34 ating a cemetery or [*cremating dead bodies*] **reducing the bodies of deceased persons** and burying  
 35 and caring for [*incinerate*] **reduced** remains shall cause a plan of its land and grounds and of the lots  
 36 laid out by it and of the niches or burial space in the buildings erected thereon to be made and  
 37 recorded in the county in which such grounds and land are located, such lots or spaces to be num-  
 38 bered by regular consecutive numbers. Such corporation may enclose, improve, and adorn the  
 39 grounds, buildings, and avenues, prescribe rules for the designation, improvement and adorning of  
 40 lots and burial spaces and for erecting monuments, and prohibit any use, division, improvement or  
 41 adornment of a lot or burial space which it may deem improper.

42 **SECTION 17.** ORS 97.720 is amended to read:

43 97.720. (1) The person in charge of any premises on which interments or [*cremations*] **reductions**  
 44 are made shall keep a record of all remains interred or [*cremated*] **reduced** on the premises under  
 45 the person's charge, in each case stating the name of each deceased person, the date of interment

1 or [cremation] **reduction**, and the name and address of the funeral service practitioner. The  
 2 interment records shall be open to inspection by survivors of the decedent during the customary  
 3 office hours of the cemetery authority.

4 (2) A record shall be kept of the ownership of all plots in the cemetery which have been conveyed by the cemetery authority and of all transfers of plots in the cemetery.

6 **SECTION 18.** ORS 97.972 is amended to read:

7 97.972. (1) When a hospital refers an individual at or near death to a procurement organization,  
 8 the organization shall make a reasonable search of the records of the Department of Transportation  
 9 and any donor registry that it knows exists for the geographical area in which the individual resides  
 10 to ascertain whether the individual has made an anatomical gift.

11 (2) A procurement organization must be allowed reasonable access to information in the records  
 12 of the Department of Transportation to ascertain whether an individual at or near death is a donor.

13 (3) When a hospital refers an individual at or near death to a procurement organization, the  
 14 organization may conduct any reasonable examination necessary to ensure the medical suitability  
 15 of a body part that is or could be the subject of an anatomical gift for transplantation, therapy, re-  
 16 search or education from a donor or a prospective donor. During the examination period, measures  
 17 necessary to ensure the medical suitability of the body part may not be withdrawn unless the hos-  
 18 pital or procurement organization knows that the individual expressed a contrary intent.

19 (4)(a) Unless otherwise prohibited by law, at any time after a donor's death, the person to whom  
 20 a body part passes under ORS 97.969 may conduct any reasonable examination necessary to ensure  
 21 the medical suitability of the body or body part for its intended purpose.

22 (b) A transplant hospital may not deny a recipient from receiving an anatomical gift exclusively  
 23 on the basis that the recipient is a registry identification cardholder as defined in ORS 475B.791.

24 (5) Unless otherwise prohibited by law, an examination under subsection (3) or (4)(a) of this  
 25 section may include an examination of all medical and dental records of the donor or prospective  
 26 donor.

27 (6) Upon the death of a minor who was a donor or had signed a refusal, unless a procurement  
 28 organization knows the minor is emancipated, the procurement organization shall conduct a rea-  
 29 sonable search for the parents of the minor and provide the parents with an opportunity to revoke  
 30 or amend the anatomical gift or revoke the refusal.

31 (7) Upon referral by a hospital under subsection (1) of this section, a procurement organization  
 32 shall make a reasonable search for any person listed in ORS 97.965 having priority to make an an-  
 33 atomical gift on behalf of a prospective donor. If a procurement organization receives information  
 34 that an anatomical gift to any other person was made, amended or revoked, it shall promptly advise  
 35 the other person of all relevant information.

36 (8) Subject to ORS 97.969 (9) and 97.980, the rights of the person to whom a body part passes  
 37 under ORS 97.969 are superior to the rights of all others with respect to the body part. The person  
 38 may accept or reject an anatomical gift in whole or in part. Subject to the terms of the document  
 39 of gift and ORS 97.951 to 97.982, a person who accepts an anatomical gift of an entire body may  
 40 allow embalming, burial or [cremation] **reduction** and use of remains in a funeral service. If the gift  
 41 is of a body part, the person to whom the body part passes under ORS 97.969, upon the death of the  
 42 donor and before embalming, burial or [cremation] **reduction**, shall cause the body part to be re-  
 43 moved without unnecessary mutilation.

44 (9) Neither the physician who attends the decedent at death nor the physician who determines  
 45 the time of the decedent's death may participate in the procedures for removing or transplanting a

1 body part from the decedent.

2 (10) A physician or technician may remove from the body of a donor a donated body part that  
 3 the physician or technician is qualified to remove.
