8 “**SECTION 1.** ORS 285B.551 is amended to read:

9 “285B.551. (1) Pursuant to ORS 286A.560 to 286A.585, at the request of the Oregon Department  
10 of Administrative Services, after the department consults with the Oregon Business Development  
11 Department, the State Treasurer is authorized to issue lottery bonds:

12 “(a) To provide financial and other assistance, including but not limited to loans and grants, to  
13 municipalities, ports and other persons and entities in accordance with the laws governing use of  
14 moneys in the Special Public Works Fund created by ORS 285B.455, the Water Fund created by ORS  
15 285B.563, the Safe Drinking Water Revolving Loan Fund created by ORS 285A.213, the Oregon Port  
16 Revolving Fund created by ORS 285A.708, the Brownfields Redevelopment Fund created by ORS  
17 285A.188, the Oregon Business Development Fund created by ORS 285B.092 and the Marine Navi-  
18 gation Improvement Fund created by ORS 777.267.

19 “(b) To fund Oregon’s share of the costs of the Columbia River channel deepening project.

20 “(c) To fund Oregon’s share of the costs of studies and ecosystem restoration projects in the  
21 lower Columbia River estuary designed to improve habitat for listed endangered or threatened spe-  
22 cies of Columbia River anadromous salmonids.

23 “(2) The use of lottery bond proceeds is authorized based on the following findings:

24 “(a) The financial and other assistance to municipalities, ports and other persons and entities  
25 will assist in the establishment and expansion of businesses in Oregon and in the construction, im-  
26 provement and expansion of infrastructure, community and port facilities and other facilities that  
27 comprise the physical foundation for industrial and commercial activity and provide the basic  
28 framework for continued and expanded economic opportunities and quality communities throughout  
29 Oregon.

30 “(b) The Columbia River channel deepening project is necessary to allow newer, larger  
31 steamships access to Oregon and Washington deep draft ports. A deeper shipping channel will allow  
32 the Columbia River to continue as a world leader in agricultural exports and as a key trade corridor  
33 for farms and businesses throughout Oregon and the region.

34 “(c) Such financial and other assistance to municipalities, ports and other persons and entities  
35 and the deepening of the Columbia River channel will therefore promote economic development

1 within this state, and thus the use of net proceeds derived from the operation of the Oregon State  
2 Lottery to pay debt service on lottery bonds issued under this section to provide such financial and  
3 other assistance to municipalities, ports and other persons and entities and to pay a portion of the  
4 costs of deepening the Columbia River channel is an authorized use of state lottery funds under  
5 section 4, Article XV of the Oregon Constitution, and ORS 461.510.

6 “(d) The current lower Columbia River estuary habitat for listed endangered or threatened spe-  
7 cies of Columbia River anadromous salmonids could be improved through ecosystem restoration  
8 projects. The use of the Oregon State Lottery to pay debt service on lottery bonds issued under this  
9 section to pay for studying how the estuary could be improved and to pay for ecosystem restoration  
10 projects are authorized uses of state lottery funds.

11 “(3)(a) The aggregate principal amount of lottery bonds issued pursuant to subsection (1)(a) of  
12 this section for financial and other assistance to municipalities, ports and other persons and entities  
13 may not exceed the sum of [~~\$366,226,252~~] **\$386,226,252** and an additional amount estimated by the  
14 State Treasurer to be necessary to pay bond-related costs. The aggregate principal amount of lottery  
15 bonds issued pursuant to subsection (1)(b) of this section for the Columbia River channel deepening  
16 project may not exceed the sum of \$17.7 million and an additional amount estimated by the State  
17 Treasurer to be necessary to pay bond-related costs.

18 “(b) The Oregon Department of Administrative Services may not request the issuance of lottery  
19 bonds under subsection (1)(b) of this section until the Director of the Oregon Business Development  
20 Department determines that a final environmental impact statement has been issued and a record  
21 of decisions has been submitted to Congress by the United States Army Corps of Engineers, Con-  
22 gress has authorized the Columbia River channel deepening project, and the Washington sponsors’  
23 shares of the costs of the Columbia River channel deepening project have been committed.

24 “(4) The net proceeds of lottery bonds issued pursuant to subsection (1)(a) and (b) of this section  
25 shall be deposited in the Economic Infrastructure Project Fund, which is hereby established in the  
26 State Treasury separate and distinct from the General Fund. Interest earned by the Economic  
27 Infrastructure Project Fund shall be credited to the fund. All moneys in the Economic Infrastructure  
28 Project Fund are continuously appropriated to the Oregon Business Development Department for  
29 any purpose for which moneys in the Special Public Works Fund created by ORS 285B.455 may be  
30 used, any purpose for which moneys in the Water Fund created by ORS 285B.563 may be used, any  
31 purpose for which moneys in the Safe Drinking Water Revolving Loan Fund created by ORS  
32 285A.213 may be used, any purpose for which moneys in the Oregon Port Revolving Fund created  
33 by ORS 285A.708 may be used, any purpose for which moneys in the Brownfields Redevelopment  
34 Fund created by ORS 285A.188 may be used, any purpose for which moneys in the Oregon Business  
35 Development Fund created by ORS 285B.092 may be used and any purpose for which moneys in the  
36 Marine Navigation Improvement Fund created by ORS 777.267 may be used. The Director of the  
37 Oregon Business Development Department shall allocate the moneys deposited in the Economic  
38 Infrastructure Project Fund for the purposes described in this subsection in accordance with the  
39 priorities developed by the Oregon Business Development Commission in accordance with ORS  
40 285A.020. However, the director shall transfer from the Economic Infrastructure Project Fund and  
41 deposit into the Channel Deepening Account of the Marine Navigation Improvement Fund the pro-  
42 ceeds of any lottery bonds sold to finance a portion of the costs of the Columbia River channel  
43 deepening project. Upon determining the relative allocation of moneys deposited in the Economic  
44 Infrastructure Project Fund among the purposes described in this subsection, the director shall  
45 transfer from the Economic Infrastructure Project Fund, and deposit into each of the other funds

1 described in this subsection, the amounts so allocated. Notwithstanding any other provision of law  
2 governing the funds described in this subsection, the funds described in this subsection may be  
3 credited with moneys transferred from the Economic Infrastructure Project Fund by the director in  
4 accordance with this subsection.

5 “(5) The aggregate principal amount of lottery bonds issued pursuant to subsection (1)(c) of this  
6 section for the costs of studies and ecosystem restoration projects in the lower Columbia River  
7 estuary may not exceed the sum of \$750,000 and an additional amount estimated by the State  
8 Treasurer to be necessary to pay bond-related costs. The net proceeds of lottery bonds issued pur-  
9 suant to subsection (1)(c) of this section shall be deposited in the Oregon Business, Innovation and  
10 Trade Fund created by ORS 285A.227 and may be used only for the Oregon nonfederal share of  
11 United States Army Corps of Engineers Columbia River estuary projects authorized by Congress  
12 prior to August 9, 2001. The director may not request the issuance of lottery bonds under subsection  
13 (1)(c) of this section until Congress and Washington have authorized their respective shares of the  
14 costs of the studies and ecosystem restoration projects in the lower Columbia River estuary.

15 “(6) The proceeds of lottery bonds issued pursuant to this section may be used only for the
