

B-Engrossed
Senate Bill 762

Ordered by the Senate June 23
Including Senate Amendments dated April 23 and June 23

Sponsored by COMMITTEE ON NATURAL RESOURCES AND WILDFIRE RECOVERY (at the request of Senate Committee on Natural Resources and Wildfire Recovery, Governor Kate Brown)

SUMMARY

The following summary is not prepared by the sponsors of the measure and is not a part of the body thereof subject to consideration by the Legislative Assembly. It is an editor's brief statement of the essential features of the measure.

Directs Public Utility Commission to convene workshops.

Requires public utility that provides electricity to have wildfire protection plan. Provides that violation is subject to civil penalty not to exceed \$10,000. Requires consumer-owned utility to have wildfire mitigation plan.

Directs State Board of Forestry to establish criteria for developing statewide map of wildfire risk, establish Certified Burn Manager program and report to Legislative Assembly on or before December 1, 2021.

Directs State Fire Marshal to establish defensible space requirements, administer community risk reduction program and *annually* **biannually** report to Legislative Assembly, **State Wildfire Programs Director and Wildfire Programs Advisory Council**. Establishes Community Risk Reduction Fund in State Treasury.

Directs Department of Land Conservation and Development to identify certain land use updates and report to *interim committee of* Legislative Assembly, **State Wildfire Programs Director and Wildfire Programs Advisory Council** on or before October 1, 2022.

Directs Department of Consumer and Business Services to adopt certain building code standards.

Directs Department of Environmental Quality to undertake programs concerning impacts of wildfire smoke, readiness and mitigation capacity for smoke and ambient air quality.

Directs *Oregon Health Authority* **Department of Human Services** to establish *programs* **grant program** related to clean air *shelter grants* **shelters** and smoke filtration systems **and report to Legislative Assembly, State Wildfire Programs Director and Wildfire Programs Advisory Council no later than June 30, 2023.** *Directs Department of Human Services to take certain actions concerning clean air shelter operations.*

Directs Office of Emergency Management to update statewide emergency plan to prepare for or respond to wildfire emergencies.

Directs State Forestry Department to implement program to reduce wildfire risk, report to Legislative Assembly, *and* Governor, **State Wildfire Programs Director and Wildfire Programs Advisory Council** no later than January 15, 2022, and July 15, 2023, establish small *woodland* **forestland** grant program, adopt certain rules concerning prescribed fires, **establish system of smoke detection cameras** and assess and improve wildfire response capacity.

Establishes Oregon *Wildfire Workforce* **Conservation Corps** Program and Oregon *Wildfire Workforce* **Conservation Corps** Advisory Committee. Establishes Oregon *Wildfire Workforce* **Conservation Corps** Fund in State Treasury.

Makes certain changes concerning wildland-urban interface.

Directs Governor to appoint State Wildfire Programs Director. Establishes Wildfire Programs Advisory Council. Requires council to annually report to Governor and Legislative Assembly.

For certain entities, for specified purposes, appropriates moneys from General Fund *to certain entities for specified purposes*, **increases appropriations from General Fund and increases limitations on expenditures.**

Declares emergency, effective on passage.

ELECTRIC SYSTEM PLANS

SECTION 1. Sections 2 to 4 of this 2021 Act are added to and made a part of ORS chapter 757.

SECTION 2. The Public Utility Commission shall periodically convene workshops for the purpose of helping public utilities that provide electricity, municipal electric utilities, people's utility districts organized under ORS chapter 261 that sell electricity, electric cooperatives organized under ORS chapter 62 and operators of electrical transmission and distribution systems to develop and share information for the identification, adoption and carrying out of best practices regarding wildfires, including, but not limited to, risk-based wildfire protection and risk-based wildfire mitigation procedures and standards.

SECTION 3. (1) A public utility that provides electricity must have and operate in compliance with a risk-based wildfire protection plan that is filed with the Public Utility Commission and has been evaluated by the commission. The plan must be based on reasonable and prudent practices identified through workshops conducted by the commission pursuant to section 2 of this 2021 Act and on commission standards adopted by rule. The public utility must design the plan in a manner that seeks to protect public safety, reduce risk to utility customers and promote electrical system resilience to wildfire damage.

(2) A public utility that provides electricity shall regularly update a risk-based wildfire protection plan on a schedule determined by the commission. The plan must, at a minimum:

(a) Identify areas that are subject to a heightened risk of wildfire and are:

(A) Within the service territory of the public utility; and

(B) Outside the service territory of the public utility but within a reasonable distance, as determined by the commission, of the public utility's generation or transmission assets.

(b) Identify a means for mitigating wildfire risk that reflects a reasonable balancing of mitigation costs with the resulting reduction of wildfire risk.

(c) Identify preventive actions and programs that the public utility will carry out to minimize the risk of utility facilities causing a wildfire.

(d) After seeking information from regional, state and local entities, including municipalities, identify a protocol for the deenergizing of power lines and adjusting of power system operations to mitigate wildfires, promote the safety of the public and first responders and preserve health and communication infrastructure.

(e) Describe the procedures, standards and time frames that the public utility will use to inspect utility infrastructure in areas that the public utility identifies under paragraph (a) of this subsection.

(f) Describe the procedures, standards and time frames that the public utility will use to carry out vegetation management in areas that the public utility identifies under paragraph (a) of this subsection.

(g) Identify the development, implementation and administration costs for the plan.

(h) Identify the community outreach and public awareness efforts that the public utility will use before, during and after a wildfire season.

(3) To develop a plan described in subsection (2) of this section, a public utility may consult with and consider information from regional, state and local entities, including municipalities.

(4) The commission, in consultation with the State Forestry Department and local

1 emergency services agencies, shall evaluate a public utility’s wildfire protection plan and plan
2 updates through a public process.

3 (5) Not more than 180 days after receiving a wildfire protection plan or plan update from
4 a public utility, the commission shall approve or approve with conditions the plan or update
5 if the commission finds that the plan or update is based on reasonable and prudent practices
6 identified through workshops pursuant to section 2 of this 2021 Act and designed to meet all
7 applicable rules and standards adopted by the commission.

8 (6) The commission’s approval of a wildfire protection plan does not establish a defense
9 to any enforcement action for violation of a commission decision, order or rule or relieve a
10 public utility from proactively managing wildfire risk, including by monitoring emerging
11 practices and technologies.

12 (7) The commission shall adopt rules for the implementation of this section. The rules
13 may include, but need not be limited to, procedures and standards regarding vegetation
14 management, public power safety shutoffs and restorations, pole materials, circuitry and
15 monitoring systems.

16 (8) All reasonable operating costs incurred by, and prudent investments made by, a public
17 utility to develop, implement or operate a wildfire protection plan under this section are re-
18 coverable in the rates of the public utility from all customers through a filing under ORS
19 757.210 to 757.220. The commission shall establish an automatic adjustment clause, as defined
20 in ORS 757.210, or another method to allow timely recovery of the costs.

21 **SECTION 3a.** (1) In addition to all other penalties provided by law, violation of section 3
22 of this 2021 Act or a rule adopted pursuant to section 3 of this 2021 Act is subject to a civil
23 penalty not to exceed \$10,000.

24 (2) Notwithstanding ORS 183.315 (6), 183.745 (7)(d) and 756.500 to 756.610, civil penalties
25 under this section must be imposed by the Public Utility Commission as provided in ORS
26 183.745.

27 (3) Civil penalties collected under this section must be paid into the General Fund and
28 credited to the Public Utility Commission Account as described in ORS 756.990 (7).

29 **SECTION 4.** (1) As used in this section, “consumer-owned utility” and “governing body”
30 have the meanings given those terms in ORS 757.600.

31 (2) A consumer-owned utility must have and operate in compliance with a risk-based
32 wildfire mitigation plan approved by the governing body of the utility. The plan must be de-
33 signed to protect public safety, reduce risk to utility customers and promote electrical sys-
34 tem resilience to wildfire damage.

35 (3) The consumer-owned utility shall regularly update the risk-based wildfire mitigation
36 plan on a schedule the governing body deems consistent with prudent utility practices.

37 (4) A consumer-owned utility shall conduct a wildfire risk assessment of utility facilities.
38 The utility shall review and revise the assessment on a schedule the governing body deems
39 consistent with prudent utility practices.

40 (5) A consumer-owned utility shall submit a copy of the risk-based wildfire mitigation
41 plan approved by the utility governing body to the Public Utility Commission to facilitate
42 commission functions regarding statewide wildfire mitigation planning and wildfire
43 preparedness.

44 **SECTION 5.** A public utility that provides electricity shall submit the first risk-based
45 wildfire protection plan required of the public utility under section 3 of this 2021 Act for

1 Public Utility Commission evaluation no later than December 31, 2021.

2 **SECTION 6.** A consumer-owned utility shall submit the first risk-based wildfire miti-
3 gation plan required under section 4 of this 2021 Act to the utility governing body no later
4 than June 30, 2022.

5 **SECTION 6a.** (1) As used in this section, “electric utility” has the meaning given that
6 term in ORS 757.600.

7 (2) Sections 3 and 4 of this 2021 Act do not affect the terms or conditions of easement
8 held by an electric utility over private land as of the effective date of this 2021 Act.

9 **SECTION 6b.** Sections 3 and 3a of this 2021 Act do not apply to municipally owned utili-
10 ties organized under ORS chapter 225.

11
12 **STATEWIDE MAP OF WILDFIRE RISK**
13

14 **SECTION 7.** (1) The State Forestry Department shall oversee the development and
15 maintenance of a comprehensive statewide map of wildfire risk that displays the wildfire risk
16 classes described in subsection (4) of this section and populates the Oregon Wildfire Risk
17 Explorer.

18 (2) The Oregon Wildfire Risk Explorer must be the official wildfire planning and risk
19 classification mapping tool for the State of Oregon.

20 (3) The State Board of Forestry shall establish by rule criteria by which the map must
21 be developed and maintained, including criteria concerning the use of the most current
22 wildfire assessments.

23 (4) In consultation with Oregon State University, the department shall establish five
24 statewide wildfire risk classes of extreme, high, moderate, low and no risk. The classes must
25 be:

26 (a) Consistent with ORS 477.027.

27 (b) Based on weather, climate, topography and vegetation.

28 (5) The department shall enter into an agreement with the university that provides that
29 the university will develop and maintain the map and make the map publicly available in
30 electronic form through the Oregon Wildfire Risk Explorer.

31 (6) The board shall adopt rules that:

32 (a) Provide opportunities for public input into the assignment of properties to the wildfire
33 risk classes described in subsection (4) of this section.

34 (b) Require the department to provide notice and information about how a property
35 owner may appeal an assignment of the property owner’s property to the extreme or high
36 wildfire risk classes.

37 (c) Allow affected property owners and local governments to appeal the assignment of
38 properties to the wildfire risk classes after the map is developed, after any updates to the
39 map and within a reasonable time after delivery of the notice and information described in
40 paragraph (b) of this subsection.

41 (d) Establish a specific process for appeals through which a requested change in assign-
42 ment is assessed based on:

43 (A) Whether the assignment is consistent with the criteria described in subsection (3)
44 of this section;

45 (B) Any pertinent facts that may justify a change in the assignment; and

1 (C) Any error in the data the department used to determine the assignment, if the error
2 justifies a change in the assignment.

3 (7) The map must:

4 (a) Be based on the wildfire risk classes.

5 (b) Be sufficiently detailed to allow the assessment of wildfire risk at the property-
6 ownership level.

7 (c) Include the boundaries of the wildland-urban interface, as defined in ORS 477.015,
8 consistent with national standards.

9 (d) Include a layer that geospatially displays the locations of socially and economically
10 vulnerable communities.

11 (8) To develop and maintain the map, the university shall collaborate with the depart-
12 ment, the State Fire Marshal, other state agencies, local governments, federally recognized
13 Indian tribes in this state, other public bodies and any other information sources that the
14 university deems appropriate.

15 (9) In maintaining the map, the university shall make technical adjustments as needed
16 and update the map consistent with the results of appeals described in subsection (6)(b) of
17 this section.

18 (10) The university shall provide technical assistance to representatives of state and local
19 government, and to landowners, that use the map.

20 **SECTION 7a.** (1) On or before December 31, 2021, the State Forestry Department shall
21 report to an interim committee of the Legislative Assembly related to wildfire, in the manner
22 provided in ORS 192.245, to the State Wildfire Programs Director and to the Wildlife Pro-
23 grams Advisory Council on the progress of the department and Oregon State University in
24 complying with the requirements of section 7 of this 2021 Act.

25 (2) On or before June 30, 2022, the department and university must finish all actions re-
26 quired of the department and university by section 7 of this 2021 Act.

27 (3) Notwithstanding any contrary provision of law, the State Board of Forestry may adopt
28 temporary rules to help ensure the requirements described in subsection (2) of this section
29 are met.

30
31 **DEFENSIBLE SPACE**

32
33 **SECTION 8.** As used in sections 8a, 8b and 8c of this 2021 Act, “defensible space” means
34 a natural or human-made area in which material capable of supporting the spread of fire has
35 been treated, cleared or modified to slow the rate and intensity of advancing wildfire and
36 allow space for fire suppression operations to occur.

37 **SECTION 8a.** (1) The State Fire Marshal shall establish minimum defensible space re-
38 quirements for wildfire risk reduction on lands in areas identified on the statewide map of
39 wildfire risk described in section 7 of this 2021 Act as within the wildland-urban interface.

40 (2) The State Fire Marshal:

41 (a) Shall consult with the Oregon Fire Code Advisory Board to establish the require-
42 ments.

43 (b) Shall establish requirements that are consistent with and do not exceed the standards
44 pertaining only to defensible space that are set forth in the International Wildland-Urban
45 Interface Code published by the International Code Council, including the standards per-

1 **taining only to defensible space that are set forth in sections 603 and 604 of the code.**

2 **(c) May consider best practices specific to Oregon in order to establish the requirements.**

3 **(d) Shall periodically reexamine the standards set forth in the International Wildland-**
4 **Urban Interface Code and update the requirements to reflect current best practices, in con-**
5 **sultation with the Oregon Fire Code Advisory Board.**

6 **(e) Shall enforce the requirements that are applicable to lands within the jurisdiction of**
7 **a local government.**

8 **(f) Shall adopt rules governing administration of the requirements.**

9 **(g) May develop and apply a graduated fee structure for use in assessing penalties on**
10 **property owners for noncompliance with the requirements.**

11 **(h) Shall consult on implementation of the requirements.**

12 **(i) May adopt rules concerning reports by local governments described in subsection**
13 **(4)(a) of this section.**

14 **(3) Subject to additional local requirements, the requirements shall apply statewide for**
15 **all lands in the wildland-urban interface that are designated as extreme or high risk, as**
16 **identified on the map.**

17 **(4) Notwithstanding subsection (2) of this section, a local government may:**

18 **(a) Administer, consult on and enforce the requirements established by the State Fire**
19 **Marshal, within the jurisdiction of the local government. A local government that adminis-**
20 **ters or enforces the requirements established by the State Fire Marshal shall periodically**
21 **report to the State Fire Marshal regarding compliance with the requirements, including the**
22 **extent of compliance for each property within the jurisdiction of the local government, any**
23 **change in the degree of compliance since the last report and any other information required**
24 **by the State Fire Marshal by rule.**

25 **(b) Adopt and enforce local requirements for defensible space that are greater than the**
26 **requirements established by the State Fire Marshal. Any local requirements that a local**
27 **government adopts for defensible space must be defensible space standards selected from the**
28 **framework set forth in the International Wildland-Urban Interface Code or other best prac-**
29 **tices specific to Oregon.**

30 **(c) Designate local fire districts, fire departments or fire agencies to enforce the re-**
31 **quirements established by the State Fire Marshal or the local government pursuant to par-**
32 **agraph (b) of this subsection. A local government that designates enforcement must comply**
33 **with the reporting requirements in paragraph (a) of this subsection.**

34 **(5) The State Fire Marshal shall administer a community risk reduction program that**
35 **emphasizes education and methods of prevention with respect to wildfire risk, enforcement**
36 **of defensible space requirements, response planning and community preparedness for**
37 **wildfires.**

38 **(6) The State Fire Marshal may provide financial, administrative, technical or other as-**
39 **sistance to a local government to facilitate the administration and enforcement of require-**
40 **ments within the jurisdiction of the local government. A local government shall expend**
41 **financial assistance provided by the State Fire Marshal under this subsection to give priority**
42 **to the creation of defensible space:**

43 **(a) On lands owned by members of socially and economically vulnerable communities,**
44 **persons with limited proficiency in English and persons of lower income as defined in ORS**
45 **456.055.**

1 (b) For critical or emergency infrastructure.

2 (c) For schools, hospitals and facilities that serve seniors.

3 **SECTION 8b.** (1) The minimum defensible space requirements established by the State
4 Fire Marshal pursuant to section 8a of this 2021 Act may not be used as criteria to approve
5 or deny:

6 (a) An amendment to a local government's acknowledged comprehensive plan or land use
7 regulations.

8 (b) A permit, as defined in ORS 215.402 or 227.160.

9 (c) A limited land use decision, as defined in ORS 197.015.

10 (d) An expedited land division, as defined in ORS 197.360.

11 (2) Notwithstanding subsection (1) of this section, a local government may:

12 (a) Amend the acknowledged comprehensive plan or land use regulations of the local
13 government to include the requirements; and

14 (b) Use the requirements that are included in the amended acknowledged comprehensive
15 plan or land use regulations as a criterion for a land use decision.

16 **SECTION 8c.** The State Fire Marshal shall establish minimum defensible space require-
17 ments for wildfire risk reduction on lands in areas identified on the map described in section
18 7 of this 2021 Act on or before December 31, 2022.

19 **SECTION 9.** The Community Risk Reduction Fund is established in the State Treasury,
20 separate and distinct from the General Fund. Interest earned by the Community Risk Re-
21 duction Fund shall be credited to the fund. Moneys in the fund are continuously appropriated
22 to the State Fire Marshal for the purpose of carrying out community risk reduction and the
23 local government financial assistance described in section 8a of this 2021 Act.

24 **SECTION 10.** (1) The State Fire Marshal shall biannually report regarding the status of
25 State Fire Marshal and local government activities for carrying out section 8a of this 2021
26 Act to a committee or interim committee of the Legislative Assembly related to wildfire, in
27 the manner provided in ORS 192.245, to the State Wildfire Programs Director and to the
28 Wildfire Programs Advisory Council:

29 (a) On or before the date of convening of the regular session of the Legislative Assembly
30 as specified in ORS 171.010.

31 (b) Approximately six months after the date described in paragraph (a) of this subsection.

32 (2) The report shall include, but need not be limited to:

33 (a) A status report regarding community risk reduction and the establishment, adminis-
34 tration and enforcement of defensible space requirements;

35 (b) The amount of moneys expended during the year for community risk reduction and
36 the establishment, administration or enforcement of defensible space requirements;

37 (c) The amount of moneys expended during the year for the suppression of fires on
38 wildland-urban interface lands; and

39 (d) Any recommendations of the State Fire Marshal for legislative action, including, but
40 not limited to, current or future resource and funding needs for community risk reduction
41 and establishing, administering or enforcing defensible space requirements.

42
43 LAND USE

44
45 **SECTION 11.** (1) As used in this section, "defensible space" has the meaning given that

1 term in section 8 of this 2021 Act.

2 (2) The Department of Land Conservation and Development shall identify updates to the
3 statewide land use planning program and local comprehensive plans and zoning codes that
4 are needed in order to incorporate wildfire risk maps and minimize wildfire risk, including
5 the appropriate levels of state and local resources necessary for effective implementation.

6 (3) Updates may include, but need not be limited to, provisions regarding sufficient
7 defensible space, building codes, safe evacuation and development considerations in areas of
8 extreme and high wildfire risk, allowing for regional differences.

9 (4) On or before October 1, 2022, the Department of Land Conservation and Development
10 shall:

11 (a) Complete the updates.

12 (b) Report to a committee or interim committee of the Legislative Assembly related to
13 wildfire, in the manner provided in ORS 192.245, to the State Wildfire Programs Director and
14 to the Wildfire Programs Advisory Council on the updates. The report must include recom-
15 mendations concerning the updates.

16 (5) As necessary to identify needed updates and develop the recommendations required
17 by subsection (4)(b) of this section, the department may consult with the State Fire Marshal,
18 the State Forestry Department, the Department of Consumer and Business Services and lo-
19 cal governments.

20
21 **BUILDING CODES**

22
23 **SECTION 12.** (1) For extreme and high wildfire risk classes in the wildland-urban inter-
24 face that are identified pursuant to section 7 of this 2021 Act, the Department of Consumer
25 and Business Services shall adopt wildfire hazard mitigation building code standards that
26 apply to new dwellings and the accessory structures of dwellings, as described in section R327
27 of the 2021 Oregon Residential Specialty Code.

28 (2) The department shall amend section R327 of the Oregon Residential Specialty Code
29 to include standards for additions to existing dwellings and accessory structures and for re-
30 placement of existing exterior elements covered in section R327 of the 2021 Oregon Residen-
31 tial Specialty Code.

32 (3) The department shall incorporate the standards described in subsections (1) and (2)
33 of this section into any updates to the Oregon Residential Specialty Code.

34 **SECTION 12a.** (1) The Department of Consumer and Business Services shall take the
35 actions required by section 12 (1) and (2) of this 2021 Act not later than October 1, 2022.

36 (2) The standards described in section 12 (1) and (2) of this 2021 Act may not become
37 operative before April 1, 2023.

38 **SECTION 12b.** Not more than two years after the standards described in section 12 (1)
39 and (2) of this 2021 Act are adopted, the Department of Consumer and Business Services
40 shall update section R327 of the Oregon Residential Specialty Code to:

41 (1) Ensure that the code incorporates the standards described in section 12 (1) and (2)
42 of this 2021 Act; and

43 (2) Make any necessary adjustments to the applicability of the standards and permitting
44 requirements in the code.

45 **SECTION 12c.** The Department of Consumer and Business Services:

1 (1) Shall develop and maintain an interactive mapping tool that displays, at the property
2 level, wildfire hazard mitigation standards covered in section R327 of the Oregon Residential
3 Specialty Code. The tool must be designed to support future inclusion of snow load, seismic
4 and wind building code standards at the property level.

5 (2) Shall collaborate with Oregon State University to obtain any needed information from
6 the Oregon Wildfire Risk Explorer and national or science-based sources in order to develop
7 the tool.

8 (3) Shall ensure that the tool is displayed in an electronic format and available to the
9 public at no charge.

10 (4) Shall periodically update the tool when the relevant building code is updated.

11 (5) May enter into an agreement with the university concerning services required to de-
12 velop and maintain the tool.

13 **SECTION 12d.** (1) The Department of Consumer and Business Services shall develop the
14 interactive mapping tool described in section 12c of this 2021 Act not more than 60 days after
15 the statewide map of wildfire risk described in section 7 of this 2021 Act is developed.

16 (2) Any delay in developing the tool may not affect a deadline concerning the map.
17

18 HEALTH SYSTEMS FOR SMOKE

19
20 **SECTION 13.** The Department of Environmental Quality shall develop and implement a
21 program for supporting local communities, in detecting, preparing for, communicating or
22 mitigating the environmental and public health impacts of wildfire smoke.

23 **SECTION 13a.** The Department of Environmental Quality shall establish a program for
24 supporting local communities through intergovernmental agreements, grants, contracts or
25 cooperative agreements to develop and implement community response plans to enhance the
26 communities' readiness and mitigation capacity for smoke.

27 **SECTION 13b.** (1) The Department of Environmental Quality shall establish and imple-
28 ment a program to support communities across this state in monitoring, interpreting and
29 communicating data related to ambient air quality conditions caused by wildfire smoke.

30 (2) As part of the program, the department shall:

31 (a) Conduct community outreach in areas of this state that are prone to poor air quality
32 attributable to elevated levels of particulate matter.

33 (b) Deploy air quality monitoring equipment in a manner sufficient to evaluate an in-
34 creased prevalence of poor air quality attributable to elevated levels of particulate matter.

35 (c) Monitor meteorological conditions in a manner sufficient to forecast occurrences of
36 poor air quality.

37 **SECTION 14.** (1) As used in this section, "smoke filtration system" means an air
38 filtration system capable of removing particulates and other harmful components of wildfire
39 smoke in a public building.

40 (2) In consultation and coordination with the Oregon Health Authority, the Department
41 of Human Services shall establish and implement a grant program that allows local govern-
42 ments to:

43 (a) Establish emergency clean air shelters.

44 (b) Equip public buildings with smoke filtration systems so the public buildings may serve
45 as cleaner air spaces during wildfire smoke and other poor air quality events.

1 (3) The department shall require grantees to provide access to the clean air shelters at
2 no charge.

3 **SECTION 14a.** The Department of Human Services is the lead state agency for clean air
4 shelter operations. The department shall:

5 (1) Consult and collaborate with the Oregon Health Authority to align practices for vol-
6 untary evacuations and emergency sheltering operations.

7 (2) Coordinate with the authority in setting priorities for awarding grants described in
8 section 14 of this 2021 Act.

9 (3) Provide support to local agencies that take lead roles in operating and planning clean
10 air shelters in the local agencies' jurisdictions.

11 **SECTION 14b.** No later than June 30, 2023, in consultation with the Oregon Health Au-
12 thority, the Department of Human Services shall report to an appropriate committee or in-
13 terim committee of the Legislative Assembly, in the manner described in ORS 192.245, to the
14 State Wildfire Programs Director and to the Wildfire Programs Advisory Council on:

15 (1) The grants administered pursuant to section 14 of this 2021 Act, including information
16 about which local governments received grants.

17 (2) Any barriers to administering the grants.

18 (3) Areas for improving the grant program described in section 14 of this 2012 Act.

19 (4) Public health impacts from wildfire smoke events.

20 **SECTION 15.** (1) As used in this section, "smoke filtration device" means portable air
21 cleaners and furnace, heating, ventilation and air conditioning filters that are intended to
22 remove contaminants, including particulates and other harmful components of wildfire
23 smoke, from the air in a room to improve indoor air quality.

24 (2) The Oregon Health Authority shall establish a program to increase the availability
25 of residential smoke filtration devices among persons vulnerable to the health effects of
26 wildfire smoke who reside in areas susceptible to wildfire smoke.

27 (3) The authority may award grants for the purchase of smoke filtration devices.

28 (4) If the authority awards grants described in this section, the authority shall give pri-
29 ority to funding for smoke filtration devices in residential buildings occupied by persons who
30 qualify for the Oregon Health Plan or Medicaid and are vulnerable to the health effects of
31 wildfire smoke.

32 (5) The authority may adopt rules establishing standards for smoke filtration devices
33 obtained with grant moneys received under this section, including, but not limited to, mini-
34 mum acceptable efficiency for the removal of particulates and other harmful substances
35 generated by wildfires.

36 (6) The authority may provide information and refer service providers to grantees that
37 need housing interventions to facilitate effective use of smoke filtration devices, including
38 interventions such as weather proofing.

39 **SECTION 15a.** The Oregon Health Authority shall periodically report to an appropriate
40 committee or interim committee of the Legislative Assembly, as described in ORS 192.245,
41 to the State Wildfire Programs Director and to the Wildfire Programs Advisory Council on:

42 (1) The use of smoke filtration devices funded under section 15 of this 2021 Act, including
43 use of the smoke filtration devices by vulnerable and underserved communities.

44 (2) The effectiveness of the programs described in section 15 of this 2021 Act.

45 (3) Areas for improvement.

1 (4) **Public health impacts during wildfire smoke events.**

2 (5) **Whether funding described in section 15 of this 2021 Act has provided a public health**
3 **return on investment.**

4
5 **EMERGENCY RESPONSE AND DISASTER RECOVERY**
6

7 **SECTION 16.** ORS 401.025 is amended to read:

8 401.025. As used in this chapter:

9 (1) "Emergency" means a human created or natural event or circumstance that causes or
10 threatens widespread loss of life, injury to person or property, human suffering or financial loss,
11 including but not limited to:

12 (a) Fire, **wildfire**, explosion, flood, severe weather, landslides or mud slides, drought, earth-
13 quake, volcanic activity, tsunamis or other oceanic phenomena, spills or releases of oil or hazardous
14 material as defined in ORS 466.605, contamination, utility or transportation emergencies, disease,
15 blight, infestation, civil disturbance, riot, sabotage, acts of terrorism and war; and

16 (b) A rapid influx of individuals from outside this state, a rapid migration of individuals from
17 one part of this state to another or a rapid displacement of individuals if the influx, migration or
18 displacement results from the type of event or circumstance described in paragraph (a) of this sub-
19 section.

20 (2) "Emergency service agency" means an organization within a local government that performs
21 essential services for the public's benefit before, during or after an emergency, such as law
22 enforcement, fire control, health, medical and sanitation services, public works and engineering,
23 public information and communications.

24 (3) "Emergency services" means activities engaged in by state and local government agencies
25 to prepare for an emergency and to prevent, minimize, respond to or recover from an emergency,
26 including but not limited to coordination, preparedness planning, training, interagency liaison, fire
27 fighting, oil or hazardous material spill or release cleanup as defined in ORS 466.605, law enforce-
28 ment, medical, health and sanitation services, engineering and public works, search and rescue ac-
29 tivities, warning and public information, damage assessment, administration and fiscal management,
30 and those measures defined as "civil defense" in 50 U.S.C. app. 2252.

31 (4) "Local government" has the meaning given that term in ORS 174.116.

32 (5) "Major disaster" means any event defined as a "major disaster" under 42 U.S.C. 5122(2).

33 **SECTION 17. (1) The Office of Emergency Management shall update its statewide emer-**
34 **gency plan as necessary to prepare for or respond to wildfire emergencies on an area-wide**
35 **or statewide basis. The plan developed by the office to prepare for or respond to wildfire**
36 **emergencies shall include, but need not be limited to, wildfire risk mitigation efforts and**
37 **evacuation planning.**

38 (2) **The office shall coordinate with cities, counties, adult foster homes, health care fa-**
39 **ilities and residential facilities, the Department of Human Services and the Oregon Health**
40 **Authority to establish local or private procedures to prepare for emergencies related to**
41 **wildfire and ensure that local efforts to prevent, respond to or recover from an emergency**
42 **caused by wildfire are conducted in a manner consistent with the plan developed by the office**
43 **to prepare for or respond to wildfire emergencies. The coordinated activities may include,**
44 **but need not be limited to, providing training, carrying out exercises and promoting com-**
45 **munity education.**

1 (c) Design the projects to involve existing forest-based and range-based contracting en-
2 tities.

3 (d) Design the projects to complement programs and projects of the Oregon Watershed
4 Enhancement Board or other state agencies as needed.

5 (e) Design the projects to involve the Oregon Conservation Corps Program established
6 by section 21 of this 2021 Act, to the maximum extent possible, for community protection
7 projects located in the wildland-urban interface, subject to funding available in the Oregon
8 Conservation Corps Fund established by section 23 of this 2021 Act.

9 (f) Affirmatively seek, and enhance opportunities for, collaboration from stakeholders
10 holding a wide variety of perspectives regarding forest and rangeland management and op-
11 portunities for significant involvement by communities in proximity to project sites.

12 (g) Engage in monitoring of the projects to produce useful information on which to base
13 recommendations to the Legislative Assembly.

14 (4) A project under this section may not include commercial thinning on:

15 (a) Inventoried roadless areas;

16 (b) Riparian reserves identified in the Northwest Forest Plan or in federal Bureau of
17 Land Management resource management plans;

18 (c) Late successional reserves, except to the extent consistent with the 2011 United
19 States Fish and Wildlife Service Revised Recovery Plan for the Northern Spotted Owl (*Strix*
20 *occidentalis caurina*);

21 (d) Areas protected under the federal Wild and Scenic Rivers Act (P.L. 90-542), national
22 recreation areas, national monuments or areas protected under ORS 390.805 to 390.925;

23 (e) Designated critical habitat for species listed as threatened or endangered under the
24 Endangered Species Act of 1973 (P.L. 93-205) or by the State Fish and Wildlife Commission
25 under ORS 496.172, unless commercial thinning is already allowed under an existing envi-
26 ronmental review or recognized habitat recovery plan; or

27 (f) Federally designated areas of critical environmental concern or federally designated
28 wilderness study areas.

29 (5) The department shall give public notice, and allow reasonable opportunity for public
30 input, when identifying and selecting landscapes under this section.

31 **SECTION 19.** Section 18 of this 2021 Act does not expand, diminish or otherwise affect a
32 right, privilege, duty or function established under federal, state or local laws or rules that
33 pertain to the management of private lands in this state.

34 **SECTION 20.** (1) The State Forestry Department shall complete the operation of projects
35 under section 18 of this 2021 Act no later than June 30, 2023.

36 (2) The department shall report regarding progress in carrying out projects under section
37 18 of this 2021 Act to an interim committee of the Legislative Assembly related to natural
38 resources, in the manner provided by ORS 192.245, and to the Governor, State Wildfire Pro-
39 grams Director and Wildfire Programs Advisory Council no later than January 15, 2022. The
40 report shall include, but need not be limited to:

41 (a) An explanation of how landscapes were selected, a summary of the selected projects,
42 a description of initial outcomes from projects selected under the requirements established
43 by section 18 of this 2021 Act, anticipated time frames for completion of the projects and any
44 initial recommendations concerning landscape identification and projects selected under the
45 requirements established by section 18 of this 2021 Act;

1 (b) A description of the funding source types and amounts secured by the department
2 as matching funds to implement projects; and

3 (c) A summary of outreach and coordination with relevant federal and state agencies,
4 counties, cities and other units of local government, federally recognized Indian tribes in this
5 state, public and private forestland and rangeland owners, forestland and rangeland
6 collaboratives and other relevant community organizations to identify and select landscapes
7 for treatment and develop selection criteria for projects.

8 (3)(a) The department shall report its findings and recommendations regarding wildfire
9 risk reduction on forestland and rangeland and in communities, based on information ob-
10 tained from the projects described in section 18 of this 2021 Act, to an interim committee
11 of the Legislative Assembly related to natural resources, in the manner provided by ORS
12 192.245, and to the Governor, State Wildfire Programs Director and Wildfire Programs Ad-
13 visory Council no later than July 15, 2023. The report shall include, but need not be limited
14 to:

15 (A) A qualitative and quantitative summary of the project outcomes that, at a minimum,
16 states the number of acres treated, the treatment actions carried out and any resulting or
17 anticipated changes in landscape conditions related to enhanced resiliency or the mitigation
18 of wildfire risk to public values;

19 (B) The identification of barriers to more efficient implementation and achievement of
20 goals in future wildfire risk reduction projects;

21 (C) A qualitative and quantitative summary of the use of prescribed fire activities and
22 invasive annual grass treatments for wildfire risk reduction that, at a minimum, states the
23 number of acres burned or treated and any resulting or anticipated changes in landscape
24 conditions related to enhanced resiliency or the mitigation of wildfire risk to public values;

25 (D) The identification of existing disincentives to, and recommendation for reducing
26 barriers to, the use of prescribed fire;

27 (E) Recommendations for creating optimal working relationships with forestland or
28 rangeland collaboratives and other relevant community organizations regarding future
29 wildfire risk reduction projects;

30 (F) A description of the funding source types and amounts secured by the department
31 as matching funds to carry out projects; and

32 (G) Recommendations for investment in future wildfire risk reduction projects to be
33 carried out in the 2023-2025 biennium.

34 (b) In developing the report required under this subsection, the department shall work
35 in coordination with federal land management agencies, institutions of higher education and
36 third parties to develop consistent performance measurements and condition-based metrics
37 for monitoring and communicating the effectiveness of state investments and project actions
38 in reducing wildfire risk on public or private forestlands and rangelands and in communities.

39
40 **OREGON CONSERVATION CORPS**

41
42 **SECTION 21.** (1) The Oregon Conservation Corps Program is established for the purposes
43 of:

44 (a) Reducing the risk wildfire poses to communities and critical infrastructure.

45 (b) Helping to create fire-adapted communities.

1 (c) Engaging youth and young adults in workforce training.

2 (2) Youth and young adults between 13 years of age and 26 years of age who have been
3 qualified by a youth development organization may participate in projects undertaken by the
4 corps.

5 (3) Notwithstanding any contrary provision of law, participants in projects undertaken
6 by the corps:

7 (a) Are not employees of the corps.

8 (b) Are exempt from prevailing wage laws.

9 (c) Must receive compensation for their participation of at least minimum wage or an
10 allowance or stipend that, when combined with other sources of payment the participant is
11 eligible to receive, including academic credit or an AmeriCorps education award, is equiv-
12 alent to the value of minimum wage.

13 SECTION 22. (1) As used in this section, “eligible organization” includes Oregon-based
14 nonprofit youth development organizations and public entities that provide programs of job
15 training, skill development and forest-related or rangeland-related career path training.

16 (2) The Oregon Conservation Corps Advisory Committee is established within the Higher
17 Education Coordinating Commission for the purpose of managing the Oregon Conservation
18 Corps Program.

19 (3) The Governor shall determine the number of members on the committee and appoint
20 the members.

21 (4) The committee shall, in collaboration with a qualified nonprofit foundation, actively
22 seek and source private donations to support the Oregon Conservation Corps Program.

23 (5) The committee may direct the expenditure of moneys from the Oregon Conservation
24 Corps Fund for a promotional website and materials to solicit private funds.

25 (6) Members may not receive compensation for service on the committee, but, subject
26 to any applicable laws regulating travel and other expenses of state officers and employees,
27 may be reimbursed for actual and necessary travel and other expenses incurred in the per-
28 formance of committee duties with moneys available to the commission for the purpose of
29 reimbursing the members.

30 (7) The committee shall administer a grant process that:

31 (a) Provides funding to support the work conducted by the Oregon Conservation Corps
32 Program.

33 (b) Defines and uses an equity lens in awarding grants by identifying and supporting
34 populations with greater vulnerability including communities of color, indigenous communi-
35 ties, communities with members who have limited proficiency in English and communities
36 with lower-income members.

37 (c) Awards grants to eligible organizations.

38 (d) Ensures that grant awards support activities described in section 21 (1) of this 2021
39 Act and subsection (8) of this section.

40 (e) Establishes guidelines for prioritizing grant-supported projects to reduce community
41 fire risks, promote youth and young adult workforce development and educational experi-
42 ences and reduce hazardous fuels.

43 (8) The committee shall consult with the State Forestry Department to ensure that the
44 grant process awards funds to proposals that:

45 (a) Protect at-risk communities and infrastructure within the wildland-urban interface,

1 as described in section 18 of this 2021 Act.

2 (b) Meet standards for fuel treatment established by the department.

3 (9) The committee shall biennially submit a report, on the timeline described in ORS
4 293.640, to an appropriate committee or interim committee of the Legislative Assembly, as
5 described in ORS 192.245, and to the State Wildfire Programs Director and Wildfire Programs
6 Advisory Council, regarding the expenditure of moneys deposited in the Oregon Conservation
7 Corps Fund.

8 **SECTION 23.** (1) The Oregon Conservation Corps Fund is established in the State Treas-
9 ury, separate and distinct from the General Fund. Interest earned by the Oregon Conserva-
10 tion Corps Fund shall be credited to the fund.

11 (2) The fund may receive contributions from individuals and private organizations.

12 (3) Moneys in the fund are continuously appropriated to the Higher Education Coordi-
13 nating Commission to be used as directed by the Oregon Conservation Corps Advisory Com-
14 mittee and for related administrative expenses of the commission.

15 (4) The commission shall keep records of all moneys credited to and deposited in the fund
16 and the activity or program against which each withdrawal from the fund is charged.

17
18 **SMALL FORESTLAND GRANT PROGRAM**

19
20 **SECTION 24.** (1) As used in this section, “small forestland owner” means an individual,
21 group, federally recognized Indian tribe in Oregon or association that owns:

22 (a) Up to 160 acres of nonindustrial private forestland west of the crest of the Cascade
23 Mountains; or

24 (b) Up to 640 acres of nonindustrial private forestland east of the crest of the Cascade
25 Mountains.

26 (2) The State Forestry Department shall establish a small forestland grant program for
27 the purpose of providing grants, on a competitive basis, to support small forestland owners
28 in reducing wildfire risk through the restoration of landscape resiliency and the reduction
29 of hazardous fuels on the owners’ property.

30 (3) In consultation with partners and stakeholders, the department shall set criteria for
31 assessing grant applications and awarding grants. The criteria may include, but need not be
32 limited to:

33 (a) Prioritization of projects on forestland in extreme or high wildfire risk classes de-
34 scribed in section 7 of this 2021 Act.

35 (b) Owner commitment to maintaining fuel reduction treatments.

36 (c) Owner possession of a forest management plan.

37 (d) Project proximity to current or past fuel mitigation efforts, supported by any owner
38 or funding source, that would contribute to cross-boundary, landscape-scale forest resiliency.

39 (e) Whether the project addresses additional resource concerns, such as insect and dis-
40 ease management.

41 (f) Whether critical facilities and infrastructure may receive enhanced protection due to
42 project outcomes.

43
44 **PRESCRIBED FIRE**

1 **SECTION 25.** The State Forestry Department shall adopt rules to clarify that a person
2 may:

3 (1) Conduct a prescribed fire that burns across land ownership boundaries if the person
4 obtains a permit for the fire as described in ORS 477.515 or 477.625 and complies with the
5 conditions of the permit.

6 (2) Obtain a single permit under ORS 477.515 or 477.625 for a prescribed fire that burns
7 across land ownership boundaries if the person demonstrates to the department that the
8 person has obtained consent to conduct the fire from all persons on whose lands the fire is
9 planned to burn.

10 **SECTION 25a.** The State Forestry Department shall initiate the rulemaking described in
11 section 25 of this 2021 Act on or before November 30, 2021, and finalize the rulemaking on
12 or before November 30, 2022.

13 **SECTION 26.** ORS 526.360 is amended to read:

14 526.360. (1) The State Board of Forestry, [*and the forester*] **the State Forester and forest**
15 **protective associations** may assist to the extent [*possible*] **practical** in developing, for forestry,
16 grazing or agricultural uses, all forestland classified pursuant to ORS 526.328 or 526.340 for such
17 uses, including the burning of brush or other flammable material for the purpose of:

18 (a) Removing a fire hazard to any property;

19 (b) Preparing seed beds;

20 (c) Removing obstructions to or interference with the proper seeding or agricultural or grazing
21 development or use of that land;

22 (d) Promoting the establishment of new forest crops on cutover, denuded or underproductive
23 lands;

24 (e) Implementing pest prevention and suppression activities, as provided in ORS 527.310 to
25 527.370; or

26 (f) Promoting improvements to forest health, including improvements to fish and wildlife habitat.

27 (2) Upon request of the owner or the agent of the owner of any forestland classified pursuant
28 to ORS 526.328 or 526.340, the forester **or a forest protective association** may perform or super-
29 vise burning operations thereon for any of the purposes stated in subsection (1) of this section. The
30 owner or the agent of the owner shall supply such personnel and equipment and shall perform such
31 fire control actions and activities as the forester **or forest protective association** may require
32 while there is danger of the fire spreading. The forester **or forest protective association** may re-
33 fuse to perform or supervise burning or to issue any burning permit when, in the judgment of the
34 forester **or forest protective association**, conditions so warrant.

35 (3) To accomplish the purposes set forth in subsection (1) of this section, the [*State Board of*
36 *Forestry may*] **board shall** establish by rule a Certified Burn Manager program.

37 (4) The rules shall include:

38 (a) Certification standards, requirements and procedures;

39 (b) Standards, requirements and procedures to revoke certification;

40 (c) Actions and activities that a Certified Burn Manager must perform;

41 (d) Actions and activities that a Certified Burn Manager may not allow or perform;

42 (e) Limitations on the use of a Certified Burn Manager; and

43 (f) Any other standard, requirement or procedure that the board considers necessary for the safe
44 and effective administration of the program.

45 (5) **The rules may establish and impose fees for participation in the program.**

1 [(4)] (6) When [any] a burning for any of the purposes stated in subsection (1) of this section on
2 forestland classified pursuant to ORS 526.328 or 526.340 is started under the supervision of and
3 supervised by the forester, a forest protective association or a Certified Burn Manager, [no] a
4 person [shall] may not be held liable for property damage resulting from that burning unless the
5 damage is caused by the negligence of the person.

6 **SECTION 27. By December 1, 2021, the State Board of Forestry shall:**

7 (1) Consult with the Oregon Prescribed Fire Council concerning best practices for con-
8 ducting the Certified Burn Manager program described in ORS 526.360;

9 (2) Initiate rulemaking to establish the program; and

10 (3) Report in the manner provided in ORS 192.245 to an appropriate committee or interim
11 committee of the Legislative Assembly on progress the board has made in establishing and
12 implementing the program and when the board expects to launch the program.

13
14 **FEDERAL PARTNERSHIPS**

15
16 **SECTION 27a.** The State Forestry Department shall cooperate with federal agencies to
17 increase the effectiveness of activities undertaken pursuant to ORS 526.271, 526.274 and
18 526.275.

19
20 **PROTECTED AREAS**

21
22 **SECTION 28.** (1) The State Forester, in collaboration with the State Fire Marshal, state
23 agencies and local governments as defined in ORS 174.116, shall adopt rules establishing
24 baseline levels of wildfire protection for lands that are outside of forest protection districts
25 and susceptible to wildfire. When establishing the baseline levels for lands, the State
26 Forester shall ensure that the levels are adapted to reflect regional conditions. A county, in
27 collaboration with the State Forester and the State Fire Marshal, may work to ensure that
28 all lands within the county that are outside of forest protection districts and susceptible to
29 wildfire are provided with wildfire protection services at the applicable baseline level or a
30 higher level. As used in this subsection, "forest protection districts" means lands designated
31 in State Forester rules as provided under ORS 477.225.

32 (2) A county, in collaboration with the State Forester and the State Fire Marshal, may
33 assist:

34 (a) Landowners, individuals and businesses with forming jurisdictions to provide wildfire
35 protection;

36 (b) Landowners, individuals, businesses and jurisdictions with obtaining expansion of or
37 other changes to boundaries or facility locations of jurisdictions that provide wildfire pro-
38 tection;

39 (c) Jurisdictions to expand or adjust jurisdiction service boundaries to ensure adequate
40 wildfire protection for lands; and

41 (d) Jurisdictions in developing wildfire protection facilities, equipment, training and other
42 resources adequate to ensure that the jurisdiction provides timely and effective wildfire
43 protection at the baseline level or higher on lands described in subsection (1) of this section
44 throughout the jurisdiction.

45 (3) The State Forester may provide financial assistance to counties for carrying out

1 county duties under subsection (2) of this section from any funds made available to the State
2 Forester and designated for that purpose.

3 **SECTION 29.** A county shall ensure no later than January 1, 2026, that all lands described
4 in section 28 (1) of this 2021 Act within the county have baseline level or higher wildfire
5 protection as described in section 28 of this 2021 Act.

6
7 **WILDFIRE RESPONSE CAPACITY**

8
9 **SECTION 30.** (1) The State Forestry Department shall establish and maintain an ex-
10 panded system of automated smoke detection cameras that includes staffing in detection
11 centers to monitor and alert fire suppression staff when fires are detected.

12 (2) The system must serve the purposes of quickly detecting, locating and extinguishing
13 fires and keeping fires as small as possible.

14 **SECTION 30a.** The State Forestry Department:

15 (1) Shall consult and coordinate with federal agencies, private stakeholders and other
16 state agencies to determine the adequacy of state, federal and private wildfire response ca-
17 pacity. The department shall act to facilitate wildfire prevention and wildfire response
18 communication and coordination between federal, state, local and private entities.

19 (2) Shall increase the department's wildfire readiness and response capacity, including
20 increases to fire suppression response personnel, aviation assets and necessary administra-
21 tive support personnel, to the extent the department receives funding for the increase.

22 (3) Shall, to the extent practicable, seek to leverage state moneys to obtain an increase
23 in federal wildfire resources available to Oregon for effective initial response purposes.

24 (4) Shall consult with the office of the State Fire Marshal and with local fire defense
25 board chiefs to assess the adequacy of available mutual aid to provide wildfire response on
26 wildland-urban interface lands and to identify means for providing additional resources from
27 the state or other entities to enhance wildfire response capacity on wildland-urban interface
28 lands.

29 (5) Shall continually identify workforce development needs associated with wildfire risk
30 mitigation and wildfire response and develop funding proposals for meeting those needs on
31 a sustained basis. The identified workforce development needs must align with wildfire risk
32 to provide an adequate level of wildfire protection, as described in ORS 477.062.

33 (6) May enter into cooperative agreements or contracts with a local or private entity for
34 the purpose of assisting the entity to organize for purposes of wildfire risk mitigation or
35 wildfire response, including, but not limited to, facilitating wildfire training and the acqui-
36 sition of firefighting equipment for the entity and assisting with payment for liability insur-
37 ance and other administrative expenses of the entity associated with wildfire risk mitigation
38 or wildfire response.

39 **SECTION 30b.** (1) The office of the State Fire Marshal shall increase the office's wildfire
40 readiness and response capacity to the extent the office receives funding for the increase,
41 by means including:

42 (a) Increasing fire prevention and response personnel and fire administrative support
43 personnel to address planning, communications, training, deployment and safety.

44 (b) Implementing innovative technologies and modernizing systems to expedite fire re-
45 source deployment in an efficient and safe manner.

1 (2) The State Fire Marshal may:

2 (a) Designate funding intended for the Oregon fire mutual aid system to support prepo-
3 sitioning of resources and costs.

4 (b) Enter into contracts with federal or state agencies, other states, political subdi-
5 visions, corporations and authorities having fire suppression jurisdiction for fire prevention,
6 suppression, coordination and response.

7
8 **WILDLAND-URBAN INTERFACE FIRE PROTECTION**

9
10 **SECTION 31.** ORS 477.015 is amended to read:

11 477.015. [(1)] As used in **this section and** ORS [477.015 to 477.061] **477.025 and 477.027**, unless
12 the context otherwise requires, “[forestland-urban] **wildland-urban** interface” means **the geographic**
13 **area in which structures and other human development meet or intermingle with wildland**
14 **or vegetative fuels.** [a geographic area of forestland inside a forest protection district where there
15 exists a concentration of structures in an urban or suburban setting.]

16 [(2) As used in ORS 477.015 to 477.057, unless the context requires otherwise:]

17 [(a) “Committee” means a county forestland-urban interface classification committee.]

18 [(b) “Governing body” means the board of county commissioners or county court of a county, as the
19 case may be.]

20 **SECTION 32.** ORS 477.025 is amended to read:

21 477.025. The Legislative Assembly recognizes that the [forestland] **wildland-urban** interface in
22 Oregon varies by condition, situation, fire hazard and risk, that different [forestland] **wildland-urban**
23 interface fire protection problems exist across the state because of this variability, **and** that these
24 different problems necessitate varied fire prevention and protection practices. [and that, in order to
25 give recognition to such differences and their effect on the accomplishment of the public policy stated
26 in ORS 477.023, certain classifications of the forestland-urban interface within the State of Oregon are
27 established by ORS 477.027 to 477.057.]

28 **SECTION 33.** ORS 477.027 is amended to read:

29 477.027. (1) By administrative rule, the State Board of Forestry shall establish criteria by which
30 the [forestland-urban] **wildland-urban** interface shall be identified and classified. The criteria shall
31 recognize differences across the state in fire hazard, fire risk and structural characteristics within
32 the [forestland-urban] **wildland-urban** interface.

33 (2) The [criteria shall include not less than three nor more than] **board shall establish** five
34 classes of [forestland-urban] **wildland-urban** interface **based on the criteria.**

31 **CONFORMING AMENDMENTS**

32
33 **SECTION 40. For purposes of the sellers' property disclosure statements described in**
34 **ORS 105.464, "forestland-urban interface" has the same meaning as "wildland-urban inter-**
35 **face," as defined in ORS 477.015.**

36 **SECTION 41. ORS 197.716 is amended to read:**

37 **197.716. (1) As used in this section:**

38 **(a) "Economic opportunity analysis" means an analysis performed by a county that:**

39 **(A) Identifies the major categories of industrial uses or other employment uses that could rea-**
40 **sonably be expected to expand or locate in the county based on a review of trends on a national,**
41 **state, regional or county level;**

42 **(B) Identifies the number of sites by type reasonably expected to be needed to accommodate the**
43 **expected employment growth based on the site characteristics typical of expected uses;**

44 **(C) Estimates the types and amounts of industrial uses and other employment uses likely to oc-**
45 **cur in the county based on subparagraphs (A) and (B) of this paragraph and considering the county's**

1 economic advantages and disadvantages, including:

- 2 (i) Location, size and buying power of markets;
- 3 (ii) Availability of transportation facilities for access and freight mobility;
- 4 (iii) Public facilities and public services;
- 5 (iv) Labor market factors;
- 6 (v) Access to suppliers and utilities;
- 7 (vi) Necessary support services;
- 8 (vii) Limits on development due to federal and state environmental protection laws; and
- 9 (viii) Educational and technical training programs;

10 (D) Assesses community economic development potential through a public process in conjunction
11 with state agencies and consistent with any categories or particular types of industrial uses and
12 other employment uses desired by the community as identified in an existing comprehensive plan;

13 (E) Examines existing firms in the county to identify the types of sites that may require expansion;
14

15 (F) Includes an inventory of vacant and developed lands within the county designated for industrial use or other employment use, including:
16

17 (i) The description, including site characteristics, of vacant or developed sites within each plan
18 or zoning district; and

19 (ii) A description of any development constraints or infrastructure needs that affect the
20 buildable area of sites in the inventory; and

21 (G) Identifies additional potential sites for designation and rezoning that could reasonably accommodate expected industrial uses and other employment uses that cannot be met by existing inventories.
22
23

24 (b) "Industrial use" means industrial employment activities, including manufacturing, assembly, fabrication, processing, storage, logistics, warehousing, importation, distribution and transshipment and research and development.
25
26

27 (c) "Listed county" means Baker, Gilliam, Grant, Harney, Lake, Malheur, Sherman, Union, Wallowa or Wheeler County.
28

29 (d) "Other employment use" means all nonindustrial employment activities, including small scale commercial use, wholesale, service, nonprofit, business headquarters, administrative, governmental or employment activities that serve the medical, educational, social service, recreational or security industries and that occupy retail, office or flexible building types of any size or multibuilding campuses.
30
31
32
33

34 (e) "Reasonably be expected to expand or locate in the county" means that the county possesses the appropriate locational factors for the use or category of use.
35

36 (f)(A) "Small scale commercial use" means the low-impact use of land primarily for the retail sale of products or services, including offices.
37

38 (B) "Small scale commercial use" does not include use of land for factories, warehouses, freight terminals or wholesale distribution centers.
39

40 (2) A listed county that has adopted an economic opportunity analysis as part of its comprehensive plan may amend its comprehensive plan, land use regulations and zoning map to designate not more than 10 sites outside an urban growth boundary that cumulatively total not more than 50 acres of land if the sites were identified in any economic opportunity analysis as additional potential sites for industrial uses or other employment uses in order to allow for industrial uses and other employment uses without requiring an exception under ORS 197.732 to any statewide land use
41
42
43
44
45

1 planning goals related to:

- 2 (a) Agriculture;
- 3 (b) Forest use; or
- 4 (c) Urbanization.

5 (3) A county may not designate a site under subsection (2) of this section:

6 (a) On any lands designated as high-value farmland as defined in ORS 195.300;

7 (b) Unless the county complies with ORS 197.714; and

8 (c) If any portion of the proposed site is for lands designated for forest use, unless the county:

9 (A) Notifies the State Forester in writing not less than 21 days before designating the site; and

10 (B) Cooperates with the State Forester in:

11 (i) Updating and classifying [*forestland*] **wildland**-urban interface lands in and around the site;

12 (ii) Taking necessary steps to implement or update the [*forestland*] **wildland**-urban interface fire
13 protection system in and around the site as described in ORS [*477.015 to 477.061*] **477.027**; and

14 (iii) Implementing other fire protection measures authorized by the State Forester.

15 (4) A county may not amend its comprehensive plan, land use regulations or zoning map under
16 this section to allow a use that would conflict with an administrative rule adopted for the purpose
17 of implementing the Oregon Sage-Grouse Action Plan and Executive Order 15-18.

18 **SECTION 42.** ORS 205.130 is amended to read:

19 205.130. The county clerk shall:

20 (1) Have the custody of, and safely keep and preserve, all files and records of deeds and mort-
21 gages of real property and a record of all maps, plats, contracts, powers of attorney and other in-
22 terests affecting the title to real property required or permitted by law to be recorded.

23 (2) Record, or cause to be recorded, in a legible and permanent manner, and keep in the office
24 of the county clerk, all:

25 (a) Deeds and mortgages of real property, powers of attorney and contracts affecting the title
26 to real property, authorized by law to be recorded, assignments thereof and of any interest therein
27 when properly acknowledged or proved and other interests affecting the title to real property re-
28 quired or permitted by law to be recorded;

29 (b) Certificates of sale of real property under execution or order of court, or assignments of
30 previously recorded certificates or of any interest in real property, when properly acknowledged or
31 proved;

32 (c) Certified copies of death records of any person appearing in the county records as owning
33 or having a claim or interest in land in the county. A certified copy of a death record recorded in
34 the deed records of a county under this subsection is a public record and is not subject to the dis-
35 closure limitations under ORS 432.350;

36 (d) Instruments presented for recording by the United States or the State of Oregon, or a poli-
37 tical subdivision of either, that affect title to or an interest in real property or that lawfully concern
38 real property; **and**

39 (e) Instruments recognized under state law or rule or federal law or regulation as affecting title
40 to or an interest in real property if the instrument is properly acknowledged or proved[; *and*].

41 [*f*] *Orders from a county forestland-urban interface classification committee filed under ORS*
42 *477.052.*]

43 (3) Keep and maintain:

44 (a) Deed and mortgage records;

45 (b) Statutory lien records;

1 (c) A record called the County Clerk Lien Record in which the following shall be recorded:

2 (A) The warrants and orders of officers and agencies that are required or permitted by law to
3 be recorded; and

4 (B) All instruments presented for recordation when required or permitted by law to be recorded
5 that affect the title to or an interest in real property, other than instruments recorded in the deed
6 and mortgage records or the statutory lien records;

7 (d) Releases, satisfactions, assignments, amendments and modifications of recorded instruments;
8 and

9 (e) Other instruments required or permitted by law to be recorded not affecting interests in real
10 property.

11 (4) Perform all the duties in regard to the recording and indexing of deeds and mortgages of real
12 property, contracts, abstracts of judgments, notices of pendency, powers of attorney and other in-
13 terests when required or permitted by law to be recorded that affect the title of real property, and
14 in regard to the entry of satisfaction and discharge of the same, together with other documents re-
15 quired or permitted by law to be recorded.

16 (5) Incur no civil or criminal liability, either personally or in an official capacity, for recording
17 an instrument that does not comply with the provisions of law that require or allow the recording
18 of the instrument.

19 **SECTION 43.** ORS 477.281 is amended to read:

20 477.281. (1) The obligation of an owner of timberland or grazing land for payment of assessments
21 and taxes for fire protection of forestland is limited to:

22 (a) The payment of moneys pursuant to ORS 321.015 (2), 477.277, 477.295, 477.760 (4) and 477.880
23 to maintain the Oregon Forest Land Protection Fund; and

24 (b) The payment of forest protection district assessments pursuant to ORS [477.060 and] 477.205
25 to 477.281.

26 (2) As used in this section, “obligation of an owner of timberland or grazing land for payment
27 of assessments and taxes for fire protection of forestland” does not include the duties or obligations
28 of the owner under ORS 477.066, 477.068 or 477.120 or the obligations of an owner of land included
29 in a rural fire protection district pursuant to ORS 478.010.
