14 fees shall be deposited into the [*State Tollway Account*] **Toll Program**
15 **Fund.**

16 “(2) The department shall adopt rules pursuant to which it will consider

10 tollway project shall be authorized unless the department finds that either:

11 “(a) Based on the department’s estimate of present and future traffic
12 patterns, the revenues generated by the tollway project will be sufficient,
13 after payment of all obligations incurred in connection with the acquisition,
14 construction and operation of such tollway project, to ensure the continued
15 maintenance, repair and reconstruction of the tollway project without the
16 contribution of additional public funds; or

17 “(b) The revenues generated by the tollway project will be at least suffi-
18 cient to pay its operational expenses and a portion of the costs of its con-
19 struction, maintenance, repair and reconstruction, and the importance of the
20 tollway project to the welfare or economy of the state is great enough to
21 justify the use of public funding for a portion of its construction, mainte-
22 nance, repair and reconstruction.

23 “(4) If the department finds that a proposed tollway project qualifies for
24 authorization under this section, the department may conduct or cause to

27 the studies for any proposed tollway project may be paid from moneys in the
