10 **“SECTION 1.** ORS 285B.551 is amended to read:

11 “285B.551. (1) Pursuant to ORS 286A.560 to 286A.585, at the request of the
12 Oregon Department of Administrative Services, after the department consults
13 with the Oregon Business Development Department, the State Treasurer is
14 authorized to issue lottery bonds:

15 “(a) To provide financial and other assistance, including but not limited
16 to loans and grants, to municipalities, ports and other persons and entities
17 in accordance with the laws governing use of moneys in the Special Public
18 Works Fund created by ORS 285B.455, the Water Fund created by ORS
19 285B.563, the Safe Drinking Water Revolving Loan Fund created by ORS
20 285A.213, the Oregon Port Revolving Fund created by ORS 285A.708, the
21 Brownfields Redevelopment Fund created by ORS 285A.188, the Oregon

1 Business Development Fund created by ORS 285B.092 and the Marine Navigation Improvement Fund created by ORS 777.267.

3 “(b) To fund Oregon’s share of the costs of the Columbia River channel
4 deepening project.

5 “(c) To fund Oregon’s share of the costs of studies and ecosystem restoration projects in the lower Columbia River estuary designed to improve
6 habitat for listed endangered or threatened species of Columbia River
7 anadromous salmonids.
8

9 “(2) The use of lottery bond proceeds is authorized based on the following
10 findings:

11 “(a) The financial and other assistance to municipalities, ports and other
12 persons and entities will assist in the establishment and expansion of businesses in Oregon and in the construction, improvement and expansion of
13 infrastructure, community and port facilities and other facilities that comprise the physical foundation for industrial and commercial activity and
14 provide the basic framework for continued and expanded economic opportunities and quality communities throughout Oregon.
15
16
17

18 “(b) The Columbia River channel deepening project is necessary to allow
19 newer, larger steamships access to Oregon and Washington deep draft ports. A deeper shipping channel will allow the Columbia River to continue as a
20 world leader in agricultural exports and as a key trade corridor for farms and businesses throughout Oregon and the region.
21
22

23 “(c) Such financial and other assistance to municipalities, ports and other
24 persons and entities and the deepening of the Columbia River channel will therefore promote economic development within this state, and thus the use
25 of net proceeds derived from the operation of the Oregon State Lottery to pay debt service on lottery bonds issued under this section to provide such
26 financial and other assistance to municipalities, ports and other persons and entities and to pay a portion of the costs of deepening the Columbia River
27 channel is an authorized use of state lottery funds under section 4, Article
28
29
30

1 XV of the Oregon Constitution, and ORS 461.510.

2 “(d) The current lower Columbia River estuary habitat for listed endan-
3 gered or threatened species of Columbia River anadromous salmonids could
4 be improved through ecosystem restoration projects. The use of the Oregon
5 State Lottery to pay debt service on lottery bonds issued under this section
6 to pay for studying how the estuary could be improved and to pay for
7 ecosystem restoration projects are authorized uses of state lottery funds.

8 “(3)(a) The aggregate principal amount of lottery bonds issued pursuant
9 to subsection (1)(a) of this section for financial and other assistance to
10 municipalities, ports and other persons and entities may not exceed the sum
11 of [~~\$366,226,252~~] **\$386,226,252** and an additional amount estimated by the
12 State Treasurer to be necessary to pay bond-related costs. The aggregate
13 principal amount of lottery bonds issued pursuant to subsection (1)(b) of this
14 section for the Columbia River channel deepening project may not exceed the
15 sum of \$17.7 million and an additional amount estimated by the State
16 Treasurer to be necessary to pay bond-related costs.

17 “(b) The Oregon Department of Administrative Services may not request
18 the issuance of lottery bonds under subsection (1)(b) of this section until the
19 Director of the Oregon Business Development Department determines that
20 a final environmental impact statement has been issued and a record of de-
21 cisions has been submitted to Congress by the United States Army Corps of
22 Engineers, Congress has authorized the Columbia River channel deepening
23 project, and the Washington sponsors’ shares of the costs of the Columbia
24 River channel deepening project have been committed.

25 “(4) The net proceeds of lottery bonds issued pursuant to subsection (1)(a)
26 and (b) of this section shall be deposited in the Economic Infrastructure
27 Project Fund, which is hereby established in the State Treasury separate and
28 distinct from the General Fund. Interest earned by the Economic
29 Infrastructure Project Fund shall be credited to the fund. All moneys in the
30 Economic Infrastructure Project Fund are continuously appropriated to the

1 Oregon Business Development Department for any purpose for which moneys
2 in the Special Public Works Fund created by ORS 285B.455 may be used, any
3 purpose for which moneys in the Water Fund created by ORS 285B.563 may
4 be used, any purpose for which moneys in the Safe Drinking Water Revolving
5 Loan Fund created by ORS 285A.213 may be used, any purpose for which
6 moneys in the Oregon Port Revolving Fund created by ORS 285A.708 may
7 be used, any purpose for which moneys in the Brownfields Redevelopment
8 Fund created by ORS 285A.188 may be used, any purpose for which moneys
9 in the Oregon Business Development Fund created by ORS 285B.092 may be
10 used and any purpose for which moneys in the Marine Navigation Improve-
11 ment Fund created by ORS 777.267 may be used. The Director of the Oregon
12 Business Development Department shall allocate the moneys deposited in the
13 Economic Infrastructure Project Fund for the purposes described in this
14 subsection in accordance with the priorities developed by the Oregon Busi-
15 ness Development Commission in accordance with ORS 285A.020. However,
16 the director shall transfer from the Economic Infrastructure Project Fund
17 and deposit into the Channel Deepening Account of the Marine Navigation
18 Improvement Fund the proceeds of any lottery bonds sold to finance a por-
19 tion of the costs of the Columbia River channel deepening project. Upon
20 determining the relative allocation of moneys deposited in the Economic
21 Infrastructure Project Fund among the purposes described in this subsection,
22 the director shall transfer from the Economic Infrastructure Project Fund,
23 and deposit into each of the other funds described in this subsection, the
24 amounts so allocated. Notwithstanding any other provision of law governing
25 the funds described in this subsection, the funds described in this subsection
26 may be credited with moneys transferred from the Economic Infrastructure
27 Project Fund by the director in accordance with this subsection.

28 “(5) The aggregate principal amount of lottery bonds issued pursuant to
29 subsection (1)(c) of this section for the costs of studies and ecosystem resto-
30 ration projects in the lower Columbia River estuary may not exceed the sum

1 of \$750,000 and an additional amount estimated by the State Treasurer to be
2 necessary to pay bond-related costs. The net proceeds of lottery bonds issued
3 pursuant to subsection (1)(c) of this section shall be deposited in the Oregon
4 Business, Innovation and Trade Fund created by ORS 285A.227 and may be
5 used only for the Oregon nonfederal share of United States Army Corps of
6 Engineers Columbia River estuary projects authorized by Congress prior to
7 August 9, 2001. The director may not request the issuance of lottery bonds
8 under subsection (1)(c) of this section until Congress and Washington have
9 authorized their respective shares of the costs of the studies and ecosystem
10 restoration projects in the lower Columbia River estuary.

11 “(6) The proceeds of lottery bonds issued pursuant to this section may be
12 used only for the purposes set forth in this section and for bond-related costs.

28 will create jobs, further economic development, finance public education or
29 restore and protect parks, beaches, watersheds and native fish and wildlife,
30 and is authorized based on the following findings:
