

I am urging you to vote no on this bill. It is beginning to look as though all us ordinary citizens must become criminals in order to have our rights protected when it comes to any of the latest firearm bills. Criminals are becoming the protected class with all the rights while we non-criminals are being taken as suckers. So if bills like this one pass and become law we firearms owners will become criminals and a protected class but I will refuse to act as a pet for the elite class. I strongly urge a no vote before the entire state becomes insane by having laws that do the opposite of the ideals of this state and country.
Thank you for your consideration.
