

I am in opposition to HB 2510. It is a bad bill, because all it does is punish the law abiding people of our state. Criminals will pay no attention to it, as they are in the habit of breaking the law. (That's why they are criminals!) All this bill will do is hamstring decent, law abiding citizens when it comes to being able to defend themselves and their families from a criminal attack! It doesn't punish criminals at all. Therefore, I urge that this bad bill is relegated to the dust bin as soon as possible.

Thanks you!

Sincerely,

Hugh Simpson
