

This bill only protests the thief or killer trying to enter our house. We keep our guns safely out of reach of grandkids when they visit. While you reduce police and leave us vulnerable, we need to be able to protect ourselves. The 2nd Amendment shall not be infringed upon! NO GUN LAWS SHOULD BE PASSED! Get off this goal, whatever it is, as you will be asking for a revolt of honest gun owners. We are quiet and law abiding citizens now but when you try to take our guns you won't be successful.
