

Please support limits on wake boats. They are hazardous due to huge wakes, noise and nuisance.

I live on the Willamette, and enjoy water skiing from a 19' boat, swimming, kayaking and paddle boarding with my family.

Willamette Park Boat Ramp in Johns Landing is overcrowded and unsafe. Kayakers need to have a separate access area away from large power boats,

Lack of enforcement of safety regulations has been a serious problem. Boaters do not respect no wake zones and noise limits. Homeless people and pirate boats are creating additional theft problems. Please fund additional sheriff patrols, especially on weekends,
