

I support HB 2725

As an avid outdoorsman and athlete, I find it amusing that these activities are referred to as wake "sports". I've watched these surfers stand on their boards behind their big gas guzzling boats and drink beer. Not really a sport. I don't understand what makes them think they have a "right" to plow through the river and disturb other users and the shoreline. If they are going to pursue excellence in their "sport", at least let them practice in a place that make more sense and in a place where it is not so damaging.
