

Many of us, including myself, are getting very tired of you legislators not listening to We the People of Oregon. You sit upon your ivory towers and put out your edicts and fiat like we are the peasants of Oregon. You have forgotten WHO your employer is, and it's not the state government, it's We the People of Oregon.

You have forgotten, or just couldn't care less, what your constituents are saying and telling you. You invoke an emergency clause when no emergency exists. Remember that when republicans are finally back in control of my state, and you will have to put up with them using it against your BS bills that you write.

I say... SCREW YOU.

My house and home is secure and you have no authority to enter my home without my consent if I have not committed a crime to ensure that my firearms are locked up. This bill violates the 4th, 5th and 14th Amendments of the US Constitution and is in violation of the Oregon State Constitution.

Why will I be punished for someone else's crime? That is exactly like whipping the good child's backside for what the bad child does.

I'm beginning to wonder about you democrats, if you are mentally deficient in some aspect that you cannot see the truth of this...

HB2510 is nothing more than a way to disarm law abiding Oregonians over "feelings" instead of facts and truth.

HB2510 is nothing more than a way to disarm law abiding Oregonians over an irrational fear.

HB2510 is nothing more than a way to disarm law abiding Oregonians over an irrational fear of an inanimate object that is a tool.

HB2510 is nothing more than a way to disarm law abiding Oregonians to install a form of socialism over the people.

Again, I say... SCREW YOU!

I'm calling and asking for an Article 1, Section 1 of the Oregon State Constitution, because it has become obvious that you have become abusive and corrupt with power. It is the People's right to Alter, Reform and Abolish our state government, and you have worn out your welcome.
