

Something wonderful and beautiful will be lost if HB 2510 becomes law. I refer to the gun culture of our state, which was passed from generation to generation. So much destruction for no gain, except pride. How can members of the legislature say they support the 2nd Amendment if they support a bill that makes bearing a gun in their own HOME a crime? I believe such a bill must, if only in spirit (unfortunately), be Unconstitutional. The Framers would never have allowed such an interpretation to go unchallenged. This state was always a conservative state, but it gave it's native sons and daughters a seat at the table, even when they disagreed. The result was a state renowned for it's character, spirit and intelligence. And a beautiful place to grow up and call home. In return those same children have turned on those they disagree with, and made them criminals. This out of spite I fear, or delusion. I was born and raised in Milwaukie and have most all my family in oregon. I plan on coming back in the course of a few years. I don't know what I'll find when I return. Legalize heroin but outlaw guns in your own HOME!? How can this be? I respectfully ask in the spirit of the state that I call home, please vote 'No' on HB 2510. Thank you.
