

How will renters magically come up with the funds on their own to pay back rent? Millions of Americans will be in debt. Scarcity will become a real crisis as Americans struggle to come up with the money. A society operating on a scarcity mindset is a recipe for disaster.

LSB 282-1 does not address the root cause of the COVID-19 housing crisis: the inability to pay rent.

This catastrophic emergency is being used to change laws unrelated to keeping people housed during this crisis.

I ask you to oppose SB 282 and instead focus on the #1 issue driving housing instability right now: helping those struggling to pay past due rent.

Support SB 330, a real solution for struggling renters who need help.
