

The only way for students to become positive contributing members of a global society is to become educated in the true history of all of the members.

When we learn from the past, we make better decisions for the future., Ignorance is the cause of too many problems. When we understand each other, we can better work together.

Let's make sure we teacher the TRUTH, backed by FACTS. This means that we cannot be selective in our teaching, we must teach the whole truth. In this way, we can move forward.
