

My family has been boating on the Willamette for years. Tow sports are something that I believe is great for not only teaching young kids how to be active and get outside but it is also something i have bonded over with my dad and brother over the years. In the winter, we have skiing/snowboarding. In the summer we have wakeboarding/ wakesurfing. I believe it is essential to have activities to person outside and taking away tow sports would take away many peoples reason to go out and be active in the sun.
