

I am opposed to HB2510. This bill is just another infringement of gun owner rights by the leftist democrats. Firearms...as personal property should be kept secured: away from the hands of thieves and curious/ snoop children. This should be a voluntary firearms lock-up and NOT mandated. The bill would penalize law abiding gun owners for a thieves actions. You need to demonize the thief, robber, perp...arrest them. HB2510 states "firearms in use" all firearms are in use : Handgun in the dresser drawer, for that bump in the night. Rifle by the door to take care of a raiding racoon. Self protection in the parking lot . Firearms ownership is a matter of personal responsibility....NOT laws mandated. Remember, "SHALL NOT BE INFRINGED"
