

Dear Senate Rules Committee Chair Majority Leader Rob Wagner and Committee Members,
I oppose SB776

The proposed voters are a protected group of people in our state in that their information is not available for disclosure to the public as they are minors. Election Observers could not observe their signature verification, check their status as a voter or even know if they have voted. The law thus disqualifies them by a 'equal footing' status.

Please vote NO on SB 776

Thank you,
Janice Dysinger
