

Hello! I am a full-time Licensed Esthetician and small business owner of PDX Beauty Bar in Milwaukie. I am very concerned about the future of my business if this bill doesn't pass! My business and income will suffer greatly if I cannot offer the services that would be taken away without the protection this bill allows! I am properly trained and certified to offer these services and have every right to continue offering them to my clients!

Sincerely,

Kendyl Kuntzmann
