

We OPPOSE SB 791.

We OPPOSE SB 343 unless amended to include STAR.

Reason: RCV has a long history of being repealed and of spoiler effect. Please add STAR Voting to these bills to make them more robust and less exclusionary, as well as avoiding spoiler effect.

STAR Voting means: Score Then Automatic Runoff whereby each voter experiences their full voting intention as counting by instant virtual runoff. Each voter says what they prefer all in one vote. It combines fairness with clarity. And it avoids spoiler effect.
