

I strongly support all four of the bills being proposed. Please do whatever can be done to keep legislators from refusing to attend a vote and walking out. If a legislator doesn't support a bill then s/he votes against it. That's what we elected them to do. It's THEIR JOB! Walking out is cowardly and smacks of toddlers in a sandbox. I don't care who started this, or why, I just want to see the practice stopped. It makes the Oregon legislature look disorganized and petty.
