**Re: I support [SB 406].**

Why limit the Direct-shipments to "five cases?"

Why even have a limit?

What if a person has a "Big family and has frequent "family-get-togethers?"

Birthdays, graduations, weddings, Barbeques, and et cetera; can easily "burn-through" five measly cases of wine in very short order.

Maybe all the Senators involved with [SB 406] should hold a "Senatorial feast" and just see how fast five cases of wine will last.

In the mean time, Good job!

*Respectfully submitted,*
