

**STRONGLY OPPOSE**

My opposition is for -3 Amendment, which changes the name to Cover All People and expands eligibility criteria: adult, resident; income below 138% of federal poverty level (FPL) unless pregnant, at or below 190% FPL; ineligible for Medicaid or premium tax credits due to immigration status. Allows Oregon Health Authority (OHA) to narrow eligibility if necessary, based on appropriation.

Allocates \$10 million taxpayer funds to Cover All People. How many of illegals crossing the border with diseases has the governor invited to Oregon so she can keep Oregon closed down? This is obviously for unemployed freeloaders that the governor has no clue how her "health policies" are killing the economy for new hirers and small businesses. This is not the time to encourage more illegals to come to Oregon burdening taxpayer even more.
