

I oppose SB 223. Private schools are private for a reason, and do not need to be made more like public schools in this manner. Parents should have a choice in where to send their children to school, especially if they are paying money to do so. If the schools are made to answer to ODE in these ways, they will not have the freedom to run the way the students and their families want (and have specifically chosen them for.) I respectfully, but strongly urge you to leave private schools private and vote no on SB 223.
