

I send my daughter to private school because of our faith, and I also pay Oregon taxes that pay for Oregon's public education system. My daughter should have the same ability to participate in extracurricular activities as her public school peers. Also, SB 223 will increase the administrative cost of her school which will affect our family's budget. The Legislature passed a law in 2019 to protect private school students, and SB 223 is unnecessary in light of that legislation. Please don't use our students as leverage in political fights. We are families trying to do the best we can to raise our children. Please vote 'NO' on SB 223. It is not necessary.
