

My name is Hilary Uhlig and I write in support of SJR3.

We can no longer accept lawmakers who try to shut down the legislature. Lawmakers need to show up, do their job, and work with the other side if they don't like a bill, not walk away from the table. The walkouts have held the legislature hostage for the past 3 sessions and this behavior must stop. If they do not show up to do their job, they must be disqualified from holding office.

I urge a yes vote for SJR3.
