

3/18/2021 – 1:00 pm -Senate Joint ResolutionSenate Committee on Rules

On the State level of Legislative Assembly changing two-thirds (2/3) to a "majority" would be a disservice to the citizens of this State. Nor would I condone or vote for the State legislative assembly to change the Oregon Constitution to allow majority and/or reconciliation at the Oregon State level. Therefore, I oppose Senate Joint Resolution 4.

United States Congress uses the majority vote only as a decisive way for one party to overpower the other party that has the majority of members of each of the House of Representatives and the Senate.

Congressional Reconciliation is claimed by U.S. lawmakers to be sanctioned only when known that the minority party will not support the legislation, and purported only to be incorporated sparingly.
