

My dad has been incarcerated for more than five years. He deserves a chance to earn good time. We need him to come home. My mom works hard and struggles to provide for us on a single income. It's obvious that M11 needs to be reformed. It's not fair that this measure gets reformed and current AIC's don't get the opportunity to return to their families too. Please vote yes on SB 191. Please bring my dad home.
