Dear House Committee on Revenue,

I'm writing to urge you to **vote YES on HB 3244** to expand the Oregon Production Incentive Fund (OPIF) from \$14 million to \$20 million. This program is critical to keeping our state competitive for film, TV, commercials, and other digital media.

[Briefly summarize your role in the industry, how long you've worked in it, what kind of projects you've worked on (e.g. project type, project titles, clients)]

I have been a part of over 5 dozen TV, Film, commercial and indie productions in recent years.

I am building packages for several Feature length projects right now and am finding it will be more cost effective to shoot them away from Oregon! This should not be the case. We must increase the OPIF or we will continue to lose out on work and have our valuable crew only able to "day play" on shows "set in Portland" with principal photography elsewhere.

Please **vote YES on HB 3244** to expand OPIF and increase media production jobs and spending in our state.

Regards,

Angella Davis
