RE: Support for HB 3112
Date: 03/22/2021

Chair Bynum and the House Judiciary Committee:

I, Nicholas Culp, fully support HB 3112 in my personal capacity as well as in my capacity as a LSSDP board member at Willamette University College of Law. The war on drugs has been a long costly endeavor which has produced nothing but harm to the citizens of Oregon. HB 3112 is a step towards ending the enduring harms caused by the war on drugs. I urge the House Judiciary Committee to consider all the information brought before you and to vote yes on HB 3112.

Sincerely,
Nicholas Culp
