

# HOUSING ALLIANCE

March 25, 2021

House Committee on Housing  
Oregon State Legislature  
900 Court Street NE  
Salem, OR 97301

Dear Chair Fahey, Vice Chair Morgan, Vice-Chair Campos, and members of the Committee:

I am writing to you today on behalf of the Oregon Housing Alliance to express our support for HB 3335, which would promote safe, stable and affordable homes by creating a pilot program to support the construction of accessory dwelling units in the State of Oregon.

The Oregon Housing Alliance is a coalition of ninety organizations from all parts of the state. Our members have come together with the knowledge that housing opportunity is the foundation on which all of our success is built – individual success as students, parents, workers, and community members as well as the success of our communities. We represent a diverse set of voices including affordable housing developers, residents of affordable housing, local jurisdictions, and organizations working to meet basic needs in every corner of our state.

We believe that all Oregonians need a safe, stable, and affordable place to call home.

Today, we simply don't have enough affordable homes for people who need them in communities across Oregon. People – our neighbors and members of our community – are struggling with homelessness, housing instability, rent burdens, and to make ends meet and put food on the table.

As you may know, accessory dwelling units, or ADUs, provide a potentially affordable opportunity for rental housing. A homeowner may decide to construct an ADU on their property in order to house a family member or generate additional income for their own household. In some circumstances, constructing an ADU can prove to be an accessible way to house individuals while supporting density in primarily residential areas.

HB 3335 proposes a contribution to the solution of ensuring safe, stable, and affordable homes by creating the "ADU Community Pilot Programs." This pilot program uses the model of ADUs to provide grants to nonprofit organizations that work with homeowners and other community organizations to develop ADUs for lease to eligible tenants. This program would leverage the capacity of community organizations to support homeowners, and by making a modest investment in the affordability of the new unit. The program would center around the goal of providing stability and asset building for modest-income homeowners, who may be older adults or persons of color, and help them retain their home by receiving supplemental monthly income, all while providing a rental unit for a person with a low income.

Promoting safe, stable and affordable housing for all Oregonians often requires new, creative solutions, such as the proposal that HB 3335 offers by offering grants to support density and sustainable housing stock across the state. We urge you to support HB 3335. Thank you very much for your time, and for your service to our state.

Sincerely,

Loren Naldoza  
On Behalf of the Oregon Housing Alliance
