

Our movie theaters are more than just entertainment. Film brings people together, not just in the theater, but in society as a whole by providing an experience that is shared between friends and strangers. That film experience can explore the human condition or our natural world, real or imagined.

The best way to enjoy film is to see movies a theater. Our local theaters have suffered greatly during the pandemic and desperately need help just to survive. Please support HB3376!! It would be a shame to lose these valued community resources.
