

Salem has a wonderful fairly new, individually owned theater. The Salem Cinema naturally had to close during Covid 19. This theater is a treasure to our community, with the owner always able to get first run movies as well as some foreign films. I have been to two movies in a week since it opened on a limited basis. I found every rule for opening being followed to the letter. The owner has done everything possible to try to raise revenue (Friday nite popcorn, movies to rent, t shirts etc) but the need is great to keep this treasure open, the only theater in Salem trying to survive. HELP!!!??
