Dear Oregon Legislature,

I am writing in regards to HB3173. I am asking that you pass the HB3173. This bill would help our County Fair continue to a valued part of our community. Our fairgrounds along with the other fairs have been and will be major contributors to the wellbeing of our communities. We have become emergency centers, vaccination centers, fire camps and relief centers. With the help of the bill we can continue to be all these thing.

I am asking you to please support and pass HB3173

Thank you,

*Mindy Winegar*
