

Hello,

For those of us enjoying a movie theater that is out of the ordinary, Salem Cinema is a dream come true.

The movie selection is thoughtful, entertaining and many times educational.

It is a safe place to go for a respite from average. The films are exceptional and I cannot say how much I have missed my visits to Salem Cinema during the past year.

Not many theaters today can be said to be an enriching experience, please consider passing this bill, it is vitally important to have this type of entertainment available for our community.

Sincerely,

Nel Osborn
