My names Lloyd Austin FRIDAY

#18067011 @ E.O.C.I. I am writing to you all in support of Goodtime being Retroactive. Even tho currently it dont apply to me I am hoping later it does, plus the economic positive impact it can have on society + Families and individuals it effects. Im cumently in my BACTLORS to become a drug and Alcohol counslor, with the carrear goal in progress to open up a Men @ Womans Recovery Ranch in Eastern Oregen upon my release, treating substance Abuse Addiction, cause in all truthfulness thats whats truely overwelming our system. My goal is to have my charge lowered and sentenced reduced, so I am later eligable for this Goodtime! We need it to be retroactive so I can sooner be availble to help these men and woman thru my Recovery Ranch I plan to be the bed facility. Me and my wife both share the same desire to work with Addiction at its core so these prisons, jails, institutions aint overwelmed. We aim to build men and Women up, helpem restore their lives, families, behaviors. The bill of Good time being retroactive, creates safer prisons for Gaurds, staff, and inmates and instills hope for all. Please seriously consider and do whats best for all! A win.... WIN.... WIN.... So whats best.

Respectfully Lloyd Austin

GOD BLESS
