To whome it May Concern:

Hello, I am in Support of Ballot Measure 110 allowing For retroactive application to those already incarcerated For years to recieve "Good Time," and the Following is why.

I have been incarcerated For 42 years, During my decades in prison under the Parole Board, & we have seen all these Measure #11 cases (people) come to prison angry about many things and end up being recruited into gang type activities, extortions and assaults etc.

I have also seen those who are trying their best to change to become a better human being get acted out upon by these individuals that have nothing to lose.

IF Measure #110 is allowed to pass I truly believe that I will witness some drastic changes in how my fellow prisoners choose to treat each other.

I believe there will be less assaults, less extortions and other verbal abuses because to do so one who does so will face negative consequences, i.e. loss of good time.

People in prison need hope, without hope of one day experiencing life in the community people turn that into making problems for fellow inmates and

STAFF.

Though this Measure #110 does not effect my sentence, The passage of it would effect my living conditions and environment.

I Strongly Support the retroactive passage OF this Measure.

I pray For Mercy From all who decides the passage OF Failure OF passage OF this Measure.

I ask you to give these Men and women a chance to demonstrate that they can be one day a part OF the solutions to our Societies Concerns.

Thank you, & pray also that one day you will take a look at us Parole Board inmates who have demonstrated over decades that we to could receive Mercy in a Form OF a Bill being rewarded For staying out OF trouble and contributing to our prison and Society as a whole. There are many OF us who have.

Have a good day all OF you!

Respectfully
