

To Senate Committee!

Hello, my name is Mark E. Lawson. I am currently incarcerated in Snake River Correctional Facility. I am serving 90 months for Robbery 1. I am 62 yrs. old. I and several others incarcerated think Time Does Not Fit Crime. For instance myself, I did steal \$40⁰⁰ worth of scrap metal, however the DA chose to indict me on Rob 1 and did get a conviction. I hope and pray that I will get good time/wk time and become retro active. 90 months is much too severe for the crime I committed! My middle sister died since I have been incarcerated. I have children & grand children who miss me and want to spend time with me before I die. I have 4 1/2 yrs. left and my health is not good. If given good time/wk time - retro, I may have a chance to be with my loved ones. A lot of AICs are serving way too much time for their crimes.
