

Re: SB772, Support Fair Pay for Naturopathic Doctors (NDs)

Dear Senate Health Care Committee,

My name is Lori Nye, and I am a patient of a Naturopathic Doctor (ND). I would like to share my experience working with an ND as a medical provider and ask you to please support SB772.

I have worked with many types of medical providers, and none have taken the time and shown the care in my health and welfare like my naturopathic physician. The level of education, support and competent care that I have received has not only helped me move forward with my health conditions but has renewed my faith in the healthcare system.

Unfortunately, right now in Oregon NDs are not being fairly compensated for their valuable contributions to healthcare in this great state. This makes it more difficult for people like me to access this unique and essential level of care. It also limits my choices when it comes to healthcare.

My ND manages most of my healthcare needs whether it be my annual physical, lab orders, health screenings or prescription(s). They also refer me to other competent providers and specialists when appropriate. In addition, they teach me about diet and nutrition, how to stay active, maintain a health immune system, manage stress, improve my sleep and become more proactive in my own healthcare. Together these things create a more complete treatment plan for my health. At 58, I feel great!

I am asking you to vote yes on SB772 and support fair pay for Naturopathic Doctors.

Sincerely,  
Lori Nye
