

I honestly pray SB 191 passes. First time offenders that follow the rules and do as they're suppose to and NOT cause trouble should be given good time off. My daughter literally lost everything when her husband was falsely accused. And I mean she lost EVERYTHING! Her home, job, RV, even her husband for several years....she had to move back home to mom's to make it. Please pass this bill so families can be back together. Everyone deserves a 2nd chance! Not everyone is guilty or a bad person. But everyone needs their FAMILY! And sooner rather than later.

Thank you for your time.

A caring mother-in-law and mom
