

I strongly support HB 3343 for the following reasons:

- 1) To end the influence of big money in politics. Overwhelming other voters feel the same with measure 107 passing.
- 2) To end the wealthy dominating our election process.
- 3) The campaign finance system must have transparency and accountability without loopholes to destruct these pillars that hold Democracy intact and restore voter confidence

Thank you for your own support as you vote on this very important bill.
