

Dear legislators,

You tyrannical bunch of fools pushing and supporting this bill are once again taking power back away from WE THE PEOPLE. We spoke overwhelmingly when we voted in favor of Measure 11. It's time for you politicians to learn your place, you work for and serve us and we have already spoken on this issue!! This bill converts mandatory minimum sentences for specified felonies other than murder to presumptive sentences. The intent is to allow a lesser sentence than mandated by Measure 11. This is not benefitting us law abiding citizens and the victims of these criminals. For victims trying to move on and heal from abuse, letting their abusers off with lesser sentences is unconscionable. Eight of the nine female prosecutors in Oregon issued a letter outlining how dangerous bills gutting Measure 11 in the legislature would cause more victims to suffer in silence. This is a part of a suite of bills intended to gut the spirit of Measure 11 while 78% of Oregon voters oppose repealing Measure 11 making our communities less safe. Do your jobs and work for us and what we want. Don't be tyrants. Vote NO on this ridiculous criminal/progressive appeasing garbage. Thank you.

Sincerely,
Chad Kernutt
