

Incentives. Do this and get that. Its what we use to potty train a child, try a new food, go to college, get a good job, clean your house, and so on.

Measure 11 has made Oregon a one strike and you're out state. No second chances. This means that you can be imprisoned even if there is no evidence or no witnesses, she said-he said. What is the incentive for a First Time Offender? What will inspire and motivate them to be a better person?

Incentives. Respect others, hold down a job, maintain a good moral, and make prison safe for you and for others.

Incentives. SB 191 allows for earning Good Time/Sentence Reduction which would ultimately make for a safer community. Both, within the prison and also upon the inmates release.

Incentives. My husband, Jon, is currently serving 11 years. His incentive? The family who loves him and is waiting, still.

I respectfully urge the passage of SB 191 Good Time/Sentence Reduction retroactive.

Barbara Austin
