

Dear Chair Marsh, and Vice-Chairs Helm and Brock Smith, and committee members,

This is a Public Testimony Submission, to register my strong support of HB 2488 Land Use Bill. It is refreshing that HB 2488 recognizes the interconnections of climate change & equity issues. It is critical that disadvantaged groups have a seat at the land-use planning table; that clear practices, to ensure environmental justice and equity in decision making, are adopted. I support the recommendations of Beyond Toxics and NAACP of Eugene, OR.

Please move HB 2488 out of committee so it can pass during this challenging legislative session. Thank-you for your work on this bill.

Very truly yours,
Judy Wilder, LPC
