

It is unconscionable that Oregon allows these horrific killing contests. They are beyond cruel, inhumane and a black eye on our state. Many states have made them illegal and it is past time that Oregon does the same. I am ashamed to live in a state that promotes cruelty to wildlife and those who perpetrate it and condone it are cruel human beings with no compassion for living beings. As a taxpayer and resident of Oregon, I demand that HB 2728 be passed!!!! Kim Kahl
