Ballot Measure 110 Implementation,

Measure 11 Reform

SB191 + Retroactive  
Good time  
Everyone

I want to thank you for taken time to read this letter and pray that you do pass SB191 I ask that you make it retroactive. This would give so many first time offenders like myself a chance at early release and show people that not all people who go to prison are bad and should have a second chance at re-building our lifes.

IF SB191 Passes and I hope it does Because its time for a Good change in the prison system. Aw I ask again that you make it retroactive for a chance at good time. This good time would benifit our familys and us in prison because we would beable to see our kids and Loved ones alot Sooner then we where going to and take stress away from them to help raise ower own kids. It would make some AIC around us Calm down and stop fighting as much because they would finally have something to be good for. This would give us a good incentive on being good and take part in programs to better ourselvs for re-entry into the community. This retroactive good time would also benifit the DOC staff members because it would take so much stress OFF Them because AIC wouldn't be acting out and Fighting as much. Also Doc staff members would be less likely to Be attacked because the AIC wouldn't want to Loss there good time. Good time would lower How packed the prison system is and would cut Down on How much it Cost to house us. Being able to have an incentive allows us to want to work on ower selvs Instead of doing day for day and not getting any Credit for it makes us not want to fix ower selvs or try.

Again thank you for reading this and I hope you pass SB191 and make it retroactive so we can have a second chance at freedom we are all human and we all make mistakes please allow us to prove ourselvs with doing Good and make good time for everyone.

Thank you
